

Muskingum County, Ohio

Comprehensive Annual Financial Report
For the Year Ended
December 31, 2017

From Cover:

The Muskingum County Courthouse was constructed on the site of the old courthouse and is located at Main and Fourth Streets. The current courthouse was dedicated on May 1, 1877. The courthouse was designed by Harry Edward Myer, architect, and T. B. Townsend, contractor. The Second Empire architecture style structure was built from limestone, brick, and slate which still stands a century later. Official County business is still being transacted in its offices after one hundred plus years.

Muskingum County, Ohio
401 Main Street
Zanesville, OH 43701

740-455-7109 (County Auditor)

June 28, 2018

To: The Citizens of Muskingum County
The Board of County Commissioners:
Honorable James W. Porter, President
Honorable Cynthia S. Cameron, Member
Honorable Mollie S. Crooks, Member

We are pleased to issue the Comprehensive Annual Financial Report (CAFR) of Muskingum County, Ohio for the year ended December 31, 2017. This report is prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB).

The County Auditor's Office prepared this report, pursuant to Section 117.38 Ohio Revised Code, which requires that unaudited general purpose external financial statements be submitted to the State Auditor's Office annually within 150 days after the close of the year. The report includes the basic financial statements which provide an overview of the County's financial position and the results of financial operations. This is the twenty-eighth consecutive Comprehensive Annual Financial Report issued by the Auditor's office.

Legal Requirements

State law requires every general purpose government to file with the Auditor of State and publish notice of the availability of the financial statements. The completion of this CAFR, the filing of this report with the Auditor of State, and the published notice of the availability of the financial report will allow the County to comply with these requirements, as well as the requirements of the Single Audit Act.

Assumption of Responsibility

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Internal Controls

In developing the County's accounting system, consideration was given to the adequacy of internal accounting controls. Such controls are designed to provide reasonable, but not absolute, assurance regarding both the safeguarding of assets against loss and misuse, and assurance regarding the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance is based on the assumption that the cost of internal controls should not exceed the benefits expected to be derived from their implementation.

Fund Accounting

The County utilizes a fully automated accounting system as well as automated systems for control of capital assets and payroll. These systems, coupled with the manual auditing of each voucher prior to payment by the accounting department of the Auditor's Office, ensure that the financial information generated is both accurate and reliable. The County's accounting system is organized on a "fund" basis. Each fund is a distinct self-balancing set of accounts. The basis of accounting and the various funds utilized by the County are fully described in Note 2 to the Basic Financial Statements.

As a recipient of federal funds, the County has a responsibility to see that adequate internal control is in place to ensure compliance with applicable laws and regulations related to those programs. The County's day-to-day accounting and budgetary records are maintained on a basis other than one that is in compliance with generally accepted accounting principles (GAAP).

Independent Audit

In compliance with State statute, the basic financial statements have been audited by the Ohio Auditor of State's Office. The independent auditor concluded that Muskingum County's financial statements for the year ended December 31, 2017, are fairly presented in conformity with generally accepted accounting principles. The independent auditor's report is presented as the first component of the financial section of this report. In addition, the County coordinates the requirement for the "Single Audit" of all its federal funds received in conjunction with the Auditor of State.

Management's Discussion and Analysis

Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of the Management's Discussion and Analysis (MD&A). This letter of transmittal should be read in conjunction with the MD&A as they are designed to complement each other. Muskingum County's MD&A can be found immediately following the independent auditor's report.

PROFILE OF THE GOVERNMENT

Basic Information

Muskingum County was created by an act of the Ohio General Assembly on March 1, 1804. The name "Muskingum" is derived from the Delaware Indian language, meaning "Elk Eye River," which refers to the Muskingum River. Muskingum County encompasses twenty-five townships, ten villages, and the City of Zanesville which is the county seat. The County includes 673 square miles and has a population of 86,074 based on the 2010 Census. The population of the City of Zanesville is 25,487.

For financial purposes, the County includes all funds, departments, boards, and agencies making up Muskingum County (the Primary Government) and its Component Units in accordance with the Governmental Accounting Standards Board (GASB) Statement No. 14 "The Financial Reporting Entity" and Governmental Accounting Standards Board (GASB) Statement No. 39 "Determining Whether Certain Organizations are Component Units", and Governmental Accounting Standards Board (GASB) Statement No. 61, "The Financial Reporting Entity: Omnibus". The County's primary government comprises all entities not legally separate from the County, and includes the financial activities of the Children Services Board, the Board of Developmental Disabilities, the Tuberculosis Clinic Board, the Board of Mental Health and Recovery Services, the Law Library Resources Board, and all departments and activities that are directly operated by the elected officials.

The County has only those powers, and powers incidental thereto, conferred upon it by the State constitution and statutes. A three-member Board of County Commissioners (the “Board”) is the primary legislative and executive body of the County. The Board is elected at-large in even numbered years for four-year overlapping terms. The Board is responsible for providing and managing the funds used to support the various County activities. The Board exercises its legislative powers in budgeting, appropriating monies, levying taxes, issuing bonds and notes, and allowing contracts for public works and services to provide this financial management. The Board has certain responsibilities for the management of most County facilities, including various courts, correctional and administrative facilities, public assistance and social services facilities, and general County facilities.

In addition to the Board, citizens elect eight other County administrative officials, each of whom is independent within the limits of State statutes affecting the particular office. These officials, elected to four year terms, are the County Auditor, County Treasurer, County Prosecuting Attorney, County Engineer, County Coroner, County Clerk of Courts, County Recorder, and County Sheriff. Common Pleas Court Judges, including the Juvenile/Probate Court Judge and County Court Judges are elected on a County-wide basis and serve six year terms.

The County Auditor serves as the chief fiscal officer for the County. As chief fiscal officer, no contract or obligation involving the County can be made without the Auditor’s certification that appropriations are sufficient and that funds are available, or are in the process of collection, to ensure that the contract or obligation can be paid. The County Auditor is also the central disbursing agent of the County, who, by issuance of County warrants, distributes funds to creditors in payment of liabilities incurred by the County and its departments. The Auditor is responsible for the preparation of the County payroll and also has statutory accounting responsibilities. The County Auditor also serves as tax assessor for all political subdivisions within the County. As tax assessor, the Auditor is responsible for establishing the tax rates for real estate and manufactured homes. Once these taxes are collected, the Auditor is responsible for distributing those collections to the other governmental entities in accordance with legally adopted rates. In addition to these duties, by law, the County Auditor serves as the secretary of the County Board of Revision and the Budget Commission.

The County Treasurer is the custodian of all County funds and is responsible for collecting all tax monies and applying those payments to the appropriate tax accounts. The County Treasurer is responsible for the investment of idle County funds, as specified by Ohio law. Daily reconciliations of total County fund balances of the County Auditor and Treasurer are performed by the two offices. Reconciliations, by fund, are performed monthly. The County Budget Commission is comprised of the County Treasurer, County Auditor, and County Prosecuting Attorney. The Budget Commission plays an important function in the financial administration of the County government and all other local governments located within the County.

The County Engineer, required by Ohio law to be a registered professional engineer and surveyor, serves as the civil engineer for the County and its officials. His primary responsibilities relate to the construction, maintenance, and repair of County roads and bridges and related roadside drainage facilities and storm sewer runoff systems. The Board of County Commissioners takes bids on, and awards contracts for, the projects recommended and approved by the County Engineer. The County Engineer also prepares tax maps for the County Auditor.

As part of its justice system, the County maintains the Court of Common Pleas, which includes a Domestic Relations Division, a Juvenile Division, and a Probate Division. The County also maintains a County Court District. The Prosecuting Attorney is designated by Ohio law as the Chief Legal Counsel for all County offices, boards and agencies, including the Board of County Commissioners, the Auditor, Treasurer, and all townships and local school districts. In addition, the Prosecuting Attorney is a member of the County Budget Commission.

The Clerk of Courts keeps all official records of the Common Pleas Court. When the Court of Appeals holds sessions within the County, the Clerk of Courts also serves as Clerk of Courts of the Court of Appeals. The office of Clerk of Courts operates on a system of fees charged for services and is essentially self-supporting.

The County Sheriff is the chief law enforcement officer of the County and provides certain specialized services which include maintaining a special staff of deputies whose duties are to assist local law enforcement officers upon their request and to enforce the law in unincorporated areas of the County. The Sheriff also operates and maintains the County Jail and is responsible for its inmates, including persons detained for trial or transfer to other institutions. As an officer of the County Courts, the Sheriff is in charge of the preparations and service of documents. The County also contracts with the City of Zanesville and several other municipalities in the County to house prisoners.

Muskingum County employed 821 people at the close of 2017, which provided its citizens with a wide range of services that include human and social services, health and community assistance related services, civil and criminal justice system services, road and bridge maintenance, water and sewer utility services, and other general and administrative support services.

Budgetary Controls

By statute, the Board of County Commissioners adopts a temporary appropriation measure for the County on or about the first day of January. The Board of County Commissioners adopts a permanent appropriation measure by the first day of April. All disbursements and transfers of cash between funds require appropriation authority from the Board of County Commissioners. Appropriations are adopted at the object level within a department, program, and fund which is the legal level of control. Purchase orders are only approved when there are sufficient appropriations available. A computerized budgetary system allows the County Auditor's office to determine the status of the department's appropriations before authorizing additional purchases from a particular account.

Additional information regarding the County's budgetary accounting can be found in the Notes to the Basic Financial Statements.

ASSESSING ECONOMIC CONDITION

Local Economy

The County is located in east central Ohio, approximately 60 miles east of the City of Columbus. The County enjoys the benefits of urbanization while offering a rural atmosphere and a variety of lifestyles for its inhabitants. Residents of the County are served by a County-wide library system, seven school districts, Muskingum University, Zane State College, and the Zanesville Branch of Ohio University.

The Zanesville Art Center maintains a library of fine arts materials and features classes and exhibitions. The Zane Grey Museum, the John and Annie Glenn Museum, Zanesville's Secrest Auditorium, and two stadiums located in the City also contribute to the County's cultural facilities, as well as two municipal park systems and four state recreational areas that are located throughout the County.

Excellent medical care is available through Genesis Healthcare System located conveniently on one campus. Genesis Healthcare System also provides services such as a home health and hospice agency, a community pharmacy, and several outpatient clinics.

The County is provided with banking and financial services by ten commercial banks and savings and loan associations. The County is serviced by one daily newspaper and is within the broadcast area of five television stations and several AM and FM radio stations. Cable television is available to many County residents and offers government, education, and community access channels in addition to entertainment channels.

Muskingum County saw new business developments and expansions in 2017. The County continues to utilize effective economic development strategies to attract new businesses. Just as importantly, the County's pro-business thinking has helped many local companies expand.

The County's location is a good choice for manufacturing and distribution facilities needing to move products or people from coast to coast. Muskingum County further builds on Ohio's logistical advantage by offering direct interstate, rail, and air access. Interstate 70 runs through the heart of Muskingum County, providing direct access to one of the most important east-to-west corridors in the nation. Other major interstates are nearby adding to the ease of highway transportation.

Muskingum County's three prime industrial development parks for large manufacturing and distribution facilities are publicly owned. With this public ownership, via the Zanesville-Muskingum County Port Authority, land can be purchased or leased at attractive rates.

The community's newest development site is Eastpointe Business Park. Currently, the Park has approximately a 60 acre development area that can accommodate industrial and distribution projects that have large acreage requirements. Eastpointe is home to Dollar General's distribution center, the Bimbo Bakery Company's (formerly New Bakery) manufacturing facility, the Bilco Company, a plastics blow molding facility, an Avon Products Distribution Center, and Halliburton Energy Services. In 2017, Hissong Kenworth began operating as TRP Zanesville in the Park. Companies that choose Eastpointe have access to a rail transfer facility served by Ohio Central Rail Transportation. The park saw an increase of over 500 new jobs in 2017. Eastpointe offers companies flexible lot sizes and plenty of room to grow.

The Airport Distribution Park offers unmatched access to ground and air transportation. The Park is located adjacent to Zanesville Municipal Airport. For ground transportation, the Park is located just one mile from Interstate 70 interchange with access provided by a state route. In 2017, the Port Authority received a \$158,000 grant from the Appalachian Regional Commission (ARC) to assist with resurfacing 1.3 miles of roadway throughout the Airport Business Park. This critical infrastructure improvement was completed with support from the Muskingum County Commissioners and the Muskingum County Engineer offices. Airpark Drive is the main artery into the park and traffic has increased to over 50 trucks per day, in addition to the more than 1,000 employees working in the park. The newly paved road creates a safe route for all who drive into the park on a daily basis. Manufacturing, assembly, and distribution companies have found the Airport Distribution Park ideal. Current Park tenants include 5B's, Bimbo Bakery Company (formerly New Bakery), Plaskolite, New Wayne Manufacturing, SEOIL USA, Bob Summerall Tire/Bank-Ag, and White Castle Systems. Additionally, the Port Authority has a 30.18 shovel ready site available in the Park; it is the largest shovel ready site along the I-70 corridor between Pittsburgh, PA and Columbus, OH.

Northpointe Industrial Park, a mixed-use development, is located in the northern portion of Zanesville. It is zoned and perfectly suited for commercial, office, and industrial development with over 50 acres remaining for development. Further, the Park provides direct access to Northpointe Drive, a limited access highway linking Zanesville to Dresden near State Route 16. Companies and facilities of various types are situated within Northpointe. Current industrial park tenants include Anchor Glass Container - Zanesville Mould Division, Barnes Advertising, Spectrum (formerly Time Warner Cable), Federal Express, J.W. Garage Door Company, K.E. Dittmar Company, Kellogg's, Ohio Textile Service, and Flow Liner.

The East Central Ohio Business Park (ECO Park), which is relatively new, has seen some continued investment. Currently the Park is home to Fanatics Fulfillment Center, The Ridge Corporation, Kendrick Construction, and Malouf Mattress and Bedding Distribution Center. Malouf is new to the ECO Park and plans to invest in new equipment, as well as real property upgrades. The overall investment is yet to be determined.

Outside of the business parks, Peterbilt opened a location at 2525 All American Way. They will occupy 18,000 square feet of the building for maintenance and repair, and utilize the parking lot as a showcase for new trucks.

DOT Foods has established a hub for transportation of goods from the Mid-West to the East Coast just east of Zanesville. Even though the current investment and job creation is in the early stages, this development has a great deal of future potential.

Store It LLC was granted an Enterprise Zone agreement in 2017 on their \$6,000,000 investment on the Mattingly Foods facility located at 302 State Street.

Tax incentives are available for eligible projects through the Ohio Enterprise Zone Program at all three Industrial Parks located in Muskingum County.

The year of 2017 was another challenging year for maintaining and improving Muskingum County's highway system. Although revenues have remained stagnant for the past decade, we have continued to seek assistance from federal and state grant opportunities in order to adequately maintain our highway system. The County has secured more than \$30 million in funds since 2007 for numerous road and bridge improvements and has acquired in excess of \$28 million in grants for the next five years.

Slightly more than 13 miles of county roadways were resurfaced in 2017 for a total cost of \$936,452. Roads resurfaced included Arch Hill Road, Bald Hill Road, Boggs Road, Fultonrose Road, Lambert Road, and North Dietz Road. The Ohio Public Works Commission partially funded these improvements with financial assistance. Eight bridges were replaced in 2017 on Slack Road, Back Run Road, Mollies Rock Road, Southern Road, Blue Rock Road, Clay Pike, and two on Cannelville Road for a total cost of \$2,560,699.

Two of the structures on Clay Pike and Blue Rock Road were funded through the Ohio Bridge Partnership Program and constructed at no cost to the county. Two additional structures, both on Cannelville Road, were funded in part through federal funds, while three of the remaining bridges on Back Run Road, Mollies Rock Road, and Southern Road received assistance through the Ohio Public Works Commission; Slack Road was financed with approximately \$500,000 in local funds.

Muskingum County continues to expand the area of the County within which public water is provided and has worked diligently to expand the production capacity of the County's water system. During 2017, Muskingum County completed the connection of the water systems on the west side of the Muskingum River to the production capacity of the County Water Treatment Plant on the east side of the river. This connection allowed Muskingum County to supply water to all of the customers without purchasing water from a more expensive outside source. The County also completed a project to serve the residents in the Ruraldale area, this extension provided water to approximately 25 homes in a rural area of southeastern Muskingum County. The County also began construction on a large water project to serve the residents along County Road 6, Route 555, Cannelville Road, and various other arterial roads with public water. This project will provide water to a large portion of Brush Creek Township and has been made possible by the acquisition of grant funds from multiple agencies, including Army Corp of Engineers, Appalachian Regional Commission, Community Development Block Grant, and a Water Supply Revolving Loan Account (WSRLA) grant/loan combination. Construction of the project was started in the fall of 2017 and will be completed in 2018.

Public water was also extended to the residents along West Crest Road in Salt Creek Township through the efforts of the Muskingum County Water Department employees. This project was a result of the requests for water from the local residents which submitted a petition for public water.

Muskingum County continues to make significant improvements to the sanitary sewer system. In 2017, construction of Route 719 - South Avenue sewer lift station improvements were started for this two part project that will significantly increase the capacity of the sewer system serving southern Muskingum County. The new lift station and force main will increase the capacity to approximately 2,500 gallons per minute which is double the current capacity. The project began in 2017 and is anticipated to be complete in 2018.

Population growth is a major indicator of economic activity. According to the latest census report, Muskingum County's population grew by 1.8 percent between 2000 and 2010. Although this is not a large increase, the population has remained steady over the past decade, which can be attributed to the County's retail and manufacturing growth.

The total labor force in Muskingum County was an annual average of 37,529 during 2017, decreasing by 1,528 from the 2016 annual average. At 5.5 percent, the 2017 unemployment rate for the County was higher than the State of Ohio at 4.5 percent, and also higher than the national rate of 4.1 percent. The 2017 unemployment rate for the County decreased by .3 percent from 2016. Page S-49 in the Statistical Section of this report reflects the unemployment rates of Muskingum County over the past 10 years.

Long - Term Financial Planning and Financial Policies

Local elected officials recognize that a vibrant and growing business community will improve the area's quality of life. Although the economic activity in our County continues to expand, there is a need to exercise fiscal restraint in County spending patterns due to factors external to Muskingum County. The Ohio Legislature continues to limit funding to local governments, including the County. Therefore, the County cannot assume that future local government funding by the State will continue at present levels.

The County has implemented some new procedures in order to better manage the issuance of debt. These procedures include the securing of a revenue source for the retirement of the debt when it is issued as well as the periodic review of existing debt for the possibility of refinancing and/or refunding. This will establish a higher level of debt control which has already resulted in a considerable amount of savings for the County. We expect this endeavor to continue to be a valuable cost saving measure for the County.

The County has also implemented a fleet vehicle policy whereby the fleet manager will rotate vehicles out of service when their age or mileage makes them ineffective. The policy allows for the purchase of a limited number of new vehicles each year. An inventory of available vehicles within the fleet is maintained so that existing vehicles can be transferred to various departments when they are needed.

Major Initiatives

Muskingum County is currently entering the planning stages and anticipates beginning construction in 2018 related to four separate water projects. These include Roseville-Leffler-Baughman Run Road Water Main Extension, North Moose Eye-Maple Brook Road Water Main Extension, Southern-Sundale Road Water Main Extension, and Arch Hill Road Water Main Extension. Each of these projects has been awarded funding through the Water Supply Revolving Loan Account program. The County has also applied for Appalachian Regional Commission funding concerning the Moose Eye-Maple Brook Road project. In addition, completion of several water projects currently in progress is anticipated during 2018 including Barkers Run Water Main Extension and the Rix Mills-Pleasant Hill Road Water Main Extension and Water Tank project.

The County is preparing to commence work on the Pembroke Avenue Sanitary Sewer Force Main which will complete a new force main between the South Avenue Lift Station and the City of Zanesville sewage treatment plant. This project will be funded through a loan from the Ohio Water Development Authority. The County is also planning an upgrade to the Weber Sanitary Sewer Lift Station. This station serves the eastern portion of the County's sewer system and will be funded through a combination of local funds and Ohio Water Development Authority loans.

The County Engineer's office has identified another major bridge crossing the Muskingum River that is in need of replacement connecting the communities of Duncan Falls and Philo. This project continues in the design stages as the County progresses toward the replacement of the bridge. Environmental and preliminary engineering, as well as right-of-way acquisition were completed in 2017, with construction beginning in 2018. The Ohio Department of Transportation is assisting with the project financially and with administrative support. Construction costs are estimated to exceed \$16 million for the bridge replacement. The existing bridge is expected to remain in service while the new bridge is being constructed.

AWARDS AND ACKNOWLEDGMENTS

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Muskingum County for its comprehensive annual financial report for the fiscal year ended December 31, 2016. This was the twenty-sixth consecutive year that the County has achieved this prestigious award.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

The publication of this CAFR, which includes the reporting model as promulgated by GASB Statement No. 34, represents an important achievement in the ability of Muskingum County to provide significantly enhanced financial information and accountability to the citizens of Muskingum County, its elected officials, County management, and investors. This report continues the aggressive program of the County Auditor's office to improve the County's overall financial accounting, management, and reporting capabilities. The preparation and publication of this report would not have been possible without the cooperation of each elected official, department head, and a number of County employees. We are grateful for their assistance and cooperation.

We would like to acknowledge the efforts of the entire staff of the Muskingum County Auditor's office. We offer our sincere thanks and appreciation to Michael Babcock, Tina Huebner, and the Accounting Staff for their dedication and hard work as leaders in this undertaking. Our recognition is also extended to Local Government Services, a division of the Auditor of State's office, for their guidance and commitment in preparing this financial report. We especially thank the citizens of Muskingum County for this opportunity to continue to improve the professionalism in financial reporting that they expect and deserve.

Respectfully submitted,

Debra J. Nye

FINANCIAL SECTION

Dave Yost • Auditor of State

INDEPENDENT AUDITOR'S REPORT

Muskingum County
401 Main Street
Zanesville, Ohio 43701

To the Board of County Commissioners:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Muskingum County, Ohio (the County), as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Muskingum County, Ohio, as of December 31, 2017, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General, Public Assistance, Starlight School Levy and Children Services Levy Funds thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 3 to the financial statements, during 2017, the Muskingum Starlight Industries, Inc. is no longer being presented as a component unit of the County. We did not modify our opinion regarding this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's Discussion and Analysis*, and Schedules of Net Pension Liabilities and Pension Contributions listed in the Table of Contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the County's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2018, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Muskingum County, Ohio

Management's Discussion and Analysis For the Year Ended December 31, 2017 Unaudited

Management's Discussion and Analysis (MD&A) provides the reader with a narrative overview and analysis of the County of Muskingum, Ohio's (the County) financial activities for the year ended December 31, 2017. The intent of this discussion and analysis is to look at the County's financial performance as a whole. The MD&A should be read in conjunction with the County's transmittal letter, basic financial statements, and notes to the basic financial statements to enhance their understanding of the County's financial performance.

Financial Highlights

Key financial highlights for 2017 are as follows:

- The assets and deferred outflows of resources of Muskingum County exceeded its liabilities and deferred inflows of resources at the close of the year ended December 31, 2017, by \$195,940,558 (net position). Of this amount, (\$16,534) represents unrestricted net position, that when positive, may be used to meet the County's ongoing obligations to citizens and creditors.
- The County's total net position decreased by \$834,647 from the total net position at the beginning of the year 2017.
- At the end of the current year, the County reported unrestricted net position for governmental activities in the amount of (\$4,507,406).
- At the end of the current year, the County's governmental funds reported a combined ending fund balance in the amount of \$60,130,042, an increase of \$426,815 from the prior year. Of this amount, \$1,584,623 is nonspendable, \$39,379,496 is restricted, \$197,590 is committed, \$7,712,591 is assigned, and \$11,255,742 is unassigned and available for spending on behalf of its citizens, as defined in Government Accounting Standards Board Statement (GASB) No. 54.
- At the end of the current year, unassigned fund balance for the General Fund was \$11,761,596, which represents 41 percent of total General Fund expenditures.

Using This Annual Financial Report

This annual report consists of a series of financial statements. These statements are organized so the reader can understand the County as a financial whole or as an entire operating entity. The statements then proceed to provide an increased detailed look at specific financial conditions. The *Statement of Net Position* and the *Statement of Activities* provide information about the activities of the whole County, presenting an aggregate view of the County's finances as well as a longer-term view of those assets.

Fund financial statements provide the next level of detail. For governmental activities, these statements tell how services were financed in the short term as well as what remains for future spending. Fund financial statements also report the County's most significant funds in more detail than the government-wide statements. Nonmajor funds are presented separately from major funds in total and in one column.

Muskingum County, Ohio

Management's Discussion and Analysis For the Year Ended December 31, 2017 Unaudited

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

Statement of Net Position

While this document contains information about the funds used by the County to provide services to our citizens, the view of the County as a whole looks at all financial transactions and asks the question, "How did we do financially during 2017?" The Statement of Net Position and the Statement of Activities answer this question.

The Statement of Net Position presents information on all of the County's assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference between these reported as net position.

The Statement of Activities presents information showing how the County's net position changed during the current year.

These statements are prepared using the accrual basis of accounting similar to the accounting method used by private sector companies. This basis of accounting takes into consideration all of the current year's revenues and expenses, regardless of when the cash is received or paid.

The change in net position is important because it tells the reader whether, for the County as a whole, the financial position of the County has improved or diminished. However, in evaluating the overall position of the County, nonfinancial information such as changes in the County's tax base and the condition of the County's capital assets will also need to be evaluated.

In the Statement of Net Position and the Statement of Activities, the County is divided into three kinds of activities:

Governmental Activities - Most of the County's programs and services are reported here, including general government, public safety, public works, health, and human services. These services are funded primarily by taxes and intergovernmental revenues, including federal and state grants and other shared revenues.

Business-Type Activities - These services are provided on a charge for goods or services basis to recover all or most of the cost of the services provided. The County's water and sewer systems are reported here.

Component Units - The County's financial statements include financial data of the Transportation Improvement District and the Muskingum County Land Reutilization Corporation. These component units are described in the notes to the basic financial statements. The component units are separate and may buy, sell, lease, and mortgage property in their own names and can sue or be sued in their own names.

Muskingum County, Ohio

Management's Discussion and Analysis For the Year Ended December 31, 2017 Unaudited

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. Fund financial statements provide detailed information about the County's major funds. Based on the restriction on the use of moneys, the County has established many funds that account for the multitude of services provided to its residents. The County's major governmental funds are the General Fund and the Public Assistance, Starlight School Levy, and Children Services Levy Special Revenue Funds.

Governmental Funds - Governmental funds are used to account for essentially the same functions reported as governmental activities on the government-wide financial statements. Most of the County's basic services are reported in these funds that focus on how money flows into and out of the funds and the year end balances available for spending. These funds are reported on the modified accrual basis of accounting that measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the County's general government operations and the basic services being provided, along with the financial resources available.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities on the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately on the governmental fund balance sheet and on the governmental fund statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Proprietary Funds - The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities on the government-wide financial statements. The County uses enterprise funds to account for the Sewer Fund and Water Fund operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's other programs and activities. The County's two self-insurance funds account for the claims and liabilities relating to the County's self-insured hospitalization program and also for the run-out claims and liabilities relating to the County's retrospective workers' compensation program which ended in 2014.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected on the government-wide financial statements because the resources from those funds are not available to support the County's programs. The accounting method used for fiduciary funds is much like that used for the proprietary funds.

Muskingum County, Ohio

Muskingum County, Ohio

Management's Discussion and Analysis For the Year Ended December 31, 2017 Unaudited

The net pension liability (NPL) is one of the largest liabilities reported by the County at December 31, 2017 and is reported pursuant to GASB Statement 68, "Accounting and Financial Reporting for Pensions - an Amendment of GASB Statement 27". For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the County's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability*. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 requires the net pension liability to equal the County's proportionate share of each plan's collective:

1. Present value of estimated future pension benefits attributable to active and inactive employees' past service
2. Minus plan assets available to pay these benefits

GASB notes that pension obligations, whether funded or unfunded, are part of "employment exchange" - that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the County is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system *as against the employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

Muskingum County, Ohio

Management's Discussion and Analysis For the Year Ended December 31, 2017 Unaudited

In accordance with GASB 68, the County's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's *change* in net pension liability not accounted for as deferred inflows/outflows.

As noted earlier, the County's net position, when reviewed over time, may serve as a useful indicator of the County's financial position. In the case of the County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$195,940,558 (\$139,565,141 in governmental activities and \$56,375,417 in business-type activities) as of December 31, 2017.

By far, the largest portion of the County's net position (77 percent) is reflected in net investment in capital assets (e.g., land, land improvements, construction in progress, buildings, machinery, equipment, furniture and fixtures, vehicles, and infrastructure), less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities. This category of net position increased by \$5,702,596 with the largest change shown in governmental activities.

An additional portion of the County's net position, \$45,037,075, or 23 percent, represents resources that are subject to restrictions on how they can be used. This category of net position decreased by \$4,569,080.

The remaining balance of unrestricted net position is (\$16,534). In cases where this number is positive, as in the prior year, this amount can be used to meet the County's ongoing obligations to citizens and creditors. Unrestricted net position decreased from the prior year in the amount of \$1,968,163.

The County's total net position decreased by \$834,647, (a decrease \$2,963,254 for governmental activities and an increase of \$2,128,607 for business-type activities).

Capital assets increased in the amount of \$4,401,128 due to the current year capital asset additions exceeding depreciation in the current period. The County acquired and renovated a building to house the Board of Elections and continues to participate in the Ohio Bridge Partnership Program providing assistance for replacement of bridges. The County continues its goal of extending sewer and water infrastructure to more areas resulting in increases in business-type construction in progress.

Governmental long-term liabilities, excluding the pension liability, decreased by \$1,170,239. Business-type long-term liabilities, excluding the pension liability, decreased by \$1,076,635. Although the County reflects the issuance of capital leases, OWDA loans, and OPWC loans, the decreases in these liabilities were offset by these issuances as the County continues to pay off outstanding debt.

The significant increase in deferred outflows of resources in 2017 was due to the change in assumptions used in the latest actuarial valuation related to the County's net pension liability for OPERS and STRS.

The net pension liability increase represents the County's proportionate share of the OPERS traditional plan's unfunded benefits. As indicated above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability.

Muskingum County, Ohio

Governmental Activities

Key elements in the decrease in governmental activities net position are as follows.

Muskingum County, Ohio

Management's Discussion and Analysis For the Year Ended December 31, 2017 Unaudited

The County's direct charges to users of governmental services made up \$11,467,412 or 15 percent of total governmental revenues and remained relatively constant increasing less than 3 percent from 2016. These charges are for fees for real estate transfers, deed and lease recordings, permissive motor vehicle license taxes, rent, fees associated with the collection of property taxes, fines and forfeitures related to judicial activity, and licenses and permits. Operating grants, contributions, and interest were the largest program revenues, accounting for \$22,478,521 or 29 percent of total revenues for governmental activities. This program revenue decreased approximately 10 percent. Capital grants and contributions decreased 6 percent. The County continues its participation in federal and state grant programs. However, the number and amounts of grants and approved projects were down slightly from 2016. The major recipients of operating and capital grant revenue were the human services and public works programs. Permissive sales tax revenues accounted for \$19,873,703 or 26 percent of total governmental revenues and remained consistent with the prior year. Another major component of general governmental revenues is property tax revenues, which accounted for \$12,217,421 or 16 percent of total governmental revenues. Property tax revenues decreased from the prior year in the amount of \$532,410 as a result of lower tax millage being assessed in 2017 relating to the Starlight School operations.

Total governmental activity program expense increased by \$4,294,071. The County's human services programs accounted for \$31,786,315, or 40 percent of total expenses for governmental activities. Other major program expenses for governmental activities include legislative and executive programs, which accounted for \$11,392,209, or 14 percent of total expenses, public safety programs, which accounted for \$15,245,204 or 19 percent of total expenses, and public works programs, which accounted for \$9,464,137 or 12 percent of total expenses. The decrease in the legislative and executive program expense of \$1,669,783 resulted partially from the loss on disposal of a building and infrastructure replacement of assets which were not fully depreciated. Changes in PERS assumptions used in the latest actuarial valuation accounted for increased pension costs for all programs.

Business-Type Activities

The net position for business-type activities increased \$2,128,607 during 2017. Charges for services were the largest program revenue, accounting for \$8,610,740 or 84 percent of total business-type revenues. The increase in capital grants and contributions in the amount of \$915,789 was largely due to an increase in the amounts of grants received relating to sewer and water improvement projects. Charges for services also experienced a modest increase from 2016. Business-type expenses remained relatively consistent with the prior year.

Table 3, for governmental activities, indicates the total cost of services and the net cost of services for 2017 as compared to 2016. The Statement of Activities reflects the cost of program services and the charges for services, grants, contributions, and interest offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues, unrestricted intergovernmental revenues, and unrestricted interest earnings.

Muskingum County, Ohio

**Management's Discussion and Analysis
For the Year Ended December 31, 2017
Unaudited**

Table 3
Governmental Activities

	Total Cost of Services	Net Cost of Services	Total Cost of Services	Net Cost of Services
	2017	2017	2016	2016
General Government				
Legislative and Executive	\$11,392,209	\$7,170,063	\$13,061,992	\$8,751,982
Judicial	8,513,426	6,840,856	7,412,551	5,735,651
Public Safety	15,245,204	11,539,712	13,427,725	9,878,543
Public Works	9,464,137	(1,079,744)	8,784,186	(2,884,564)
Health	2,742,757	2,018,160	2,697,478	2,039,034
Human Services	31,786,315	13,962,420	29,447,772	10,042,214
Interest and Fiscal Charges	235,152	235,152	253,425	253,425
Total Expenses	<u>\$79,379,200</u>	<u>\$40,686,619</u>	<u>\$75,085,129</u>	<u>\$33,816,285</u>

Charges for services, operating and capital grants, contributions, and interest in the amount of \$38,692,581 or 49 percent of the total costs of services, were received and used to fund the governmental activities expenses of the County. The remaining \$40,686,619 in governmental expenses were funded primarily by property and permissive sales taxes, non-restricted intergovernmental revenues, interest, and miscellaneous revenues. The \$13,962,420 in net cost of services for human services demonstrates the amount of the costs of services that were not supported from state and federal resources during 2017. As such, the taxpayers have approved property tax levies for the Starlight School and Children Services programs. During 2017, public safety net cost of services of \$11,539,712 indicates that the permissive sales tax and property tax levies are necessary for the operation of the sheriff's department and the detention center due to insufficient program revenues for these operations. To help reduce the tax burden and increase program revenues, the County is actively pursuing contracts for the housing of prisoners from other entities outside the County. In addition, the taxpayers have approved a property tax levy for general operations of the sheriff's department. The net cost of \$7,170,063 in the legislative and executive and \$6,840,856 in the judicial programs represent activities related to the governing body as well as activities that directly support other County programs that serve the County's residents. As a result, these programs rely on the general revenues of the County to support their activities.

Financial Analysis of County Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Information about the County's governmental funds begins on page 20.

Governmental Funds - The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. GASB Statement No. 54 established fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed on the use of resources reported in governmental funds. In particular, unassigned fund balance may serve as a useful measure of the County's net resources available for spending at the end of the year.

Muskingum County, Ohio

Management's Discussion and Analysis For the Year Ended December 31, 2017 Unaudited

As of December 31, 2017, the County's governmental funds reported a combined ending fund balance of \$60,130,042, an increase of \$426,815 in comparison with the prior year. Of that total ending fund balance, \$1,584,623 is nonspendable, \$39,379,496 is restricted, \$197,590 is committed, \$7,712,591 is assigned, and \$11,255,742 is unassigned, as defined in GASB Statement No. 54. Of the amount restricted, \$2,486,550 is restricted for court corrections, \$1,197,232 is restricted for roads and bridges, \$3,619 is restricted for court guardianship, \$837,586 is restricted for public assistance, human services, and senior citizens, \$1,207,246 is restricted for sheriff and jail safety purposes, \$22,719,329 is restricted for developmental disabilities, \$48,664 is restricted for mental health, \$1,451,471 is restricted for tuberculosis treatment, \$4,785,170 is restricted for children services, \$531,147 is restricted for debt service, \$704,214 is restricted for capital outlay, \$2,628,200 is restricted for real estate assessment and delinquent tax collection, and \$779,068 is restricted for other purposes.

The General Fund is the primary operating fund of the County. At the end of 2017, unassigned fund balance was \$11,761,596 while total fund balance was \$20,272,172. As a measure of the General Fund's liquidity, it may be useful to compare both the unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 41 percent of total General Fund expenditures, while total fund balance represents 71 percent of that same amount. The fund balance increased from 2016 by \$3,797,239. The General Fund experienced increases in property taxes, charges for services, intergovernmental, and interest revenues. General Fund expenditures reflect an increase in the amount of \$1,039,568. However, expenditures remained significantly below revenues by \$6,693,977.

At the end of 2017, the Public Assistance Special Revenue Fund had a fund balance in the amount of \$268,960, in comparison to a fund balance of \$93,430 at the end of 2016. The overall increase in the fund balance is due to an increase in charges for services and intergovernmental revenue received.

The fund balance of the Starlight School Levy Special Revenue Fund at December 31, 2017 was \$22,820,957, a decrease of \$2,665,700. This decrease, which reduced the substantial ending fund balance, is the result of the County Budget Commission reducing the tax levy for the support of the developmentally disabled in the County. Even with this reduction in revenue, this fund reflected an ending fund balance which represents 38 percent of the total governmental funds combined.

The fund balance of the Children Services Levy Special Revenue Fund at December 31, 2017 was \$4,714,538, a decrease of \$724,942 from 2016. Intergovernmental revenues reflect a decrease from the prior year and the County was not able to reduce expenditures against this decline. The decrease in revenues contributed to the decrease in cash and cash equivalents for the third consecutive year in a row.

Proprietary Funds - The County maintains two different types of proprietary funds. Enterprise funds are used to report functions presented as business-type activities on the government-wide financial statements. The County uses enterprise funds to account for Sewer Fund and Water Fund operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's other programs and activities. The County uses internal service funds to account for the health and workers' compensation self-insurance programs.

As of December 31, 2017, net position for the County's enterprise funds was \$56,375,417. Of that total, \$4,490,872 represents unrestricted net position that is available for spending at the County's discretion.

As of December 31, 2017, unrestricted net position in the self-insurance programs was \$4,597,854 which represents an accumulation of resources to pay future claims and payables in accordance with generally accepted accounting principles.

Muskingum County, Ohio

**Management's Discussion and Analysis
For the Year Ended December 31, 2017
Unaudited**

General Fund Budgetary Highlights

The County's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. By State statute, the Board of County Commissioners adopts a temporary operating budget (temporary appropriations) for the County prior to the first day of January. The Board of County Commissioners adopts a permanent annual operating budget (permanent appropriations) for the County prior to the first day of April.

For the General Fund, there were changes from the original to the final budget for permissive sales taxes receipts. There were immaterial changes from the original budget to the final budget for expenditures. Permissive sales taxes receipts were \$1,800,824 higher than final estimated amounts. The variance in this revenue from original to final budget resulted once the County realized that more taxable sales were happening throughout the County as when first estimated. Legislative and executive actual expenditures were lower than final budgeted amounts by \$1,880,675 because the County anticipated making more contingency expenditures during the year than what actually occurred. The County was conservative in the preparation of the 2017 budget due to the uncertainty of the economy as demonstrated by the ending unobligated fund balance being \$7,750,449 higher than final budgeted amounts.

Capital Assets and Debt Administration

Capital Assets - The County's capital assets for governmental and business-type activities as of December 31, 2017, were \$185,066,688 (net of accumulated depreciation). This includes land, land improvements, construction in progress, buildings, machinery, equipment, furniture and fixtures, vehicles, and infrastructure. Total capital assets increased in the amount of \$4,401,128. This increase is the result of current year capitalizations and contributions exceeding current year depreciation, as the County is committed to maintaining assets at an acceptable condition as to provide the best service possible for its citizens. For business-type activities, major capital asset additions during 2017 included additional work relating to various sanitary sewer and waterline extension projects throughout the County. Table 4 provides a comparison of capital assets as of the end of 2016 and 2017. In addition, Note 11 (Capital Assets) provides capital asset activity during 2017.

Table 4
Capital Assets
(Net of Depreciation)

	Governmental Activities		Business-Type Activities		Total

Long-Term Debt - As of December 31, 2017, the County had total debt outstanding in the amount of \$34,553,264, \$8,356,320 in governmental activities and \$26,196,944 in business-type activities. Table 5 outlines the long-term debt held by the County during 2017 and 2016.

Table 5
Long-Term Debt

	Governmental Activities		Business-Type Activities		Total	
	2017	2016	2017	2016	2017	2016
General Obligation Bonds	\$4,529,537	\$5,815,245	\$11,843,096	\$13,044,047	\$16,372,633	\$18,859,292

Contracts Payable	2,014,582	2,776,037	0	0	2,014,582	2,776,037
Capital Leases	1,122,613	247,089	0	0	1,122,613	247,089
Total Long-Term Debt	<u>\$8,356,320</u>	<u>\$9,561,315</u>	<u>\$26,196,944</u>	<u>\$27,276,261</u>	<u>\$34,553,264</u>	<u>\$36,837,576</u>

In addition to the above debt, the County's long-term obligations include compensated absences, net pension liability, and claims payable. Additional information on the County's long-term debt can be found in Note 18 of this report. The County's total unvoted legal debt margin at December 31, 2017, is \$14,966,948.

Moody's Investors Service, Inc. has assigned an underlying rating of Aa2 to the outstanding general obligation debt of the County.

Economic Factors

The average unemployment rate for the County in 2017 was 5.5 percent, which is down from 2016. This rate exceeds the State's average rate for 2017 of 4.5 percent and the average 2017 national rate of 4.1 percent.

The County's \$1.761 billion tax base has increased slightly from the prior year. This is attributable to normal fluctuations from construction and expired enterprise zone agreements. This increase represents less than 2.73 percent of the assessed valuation from the prior year and reflects that the real property values within the County have remained steady.

The various economic factors, along with inflationary trends, were considered in the preparation of the County's 2017 budget, and will be considered in the preparation of future budgets. Appropriate measures will be taken to ensure spending is within available resources while continuing to provide excellent services to its constituents.

A further discussion of the County and the economic factors which affect the County and its operations can be found in the transmittal letter of this report.

Muskingum County, Ohio
Reconciliation of Total Governmental Fund Balances to
Net Position of Governmental Activities
December 31, 2017

Total Governmental Fund Balances \$60,130,042

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. 106,501,932

Other long-term assets are not available to pay for current-period expenditures and therefore are reported as deferred inflows of resources in the funds:

Delinquent Property Taxes	1,694,895	
Payments in Lieu of Taxes	144,798	
Permissive Sales Taxes	3,667,118	
Special Assessments	180,328	
Intergovernmental	4,228,019	
Interest	94,306	
Accounts	3,011,098	
Total	13,020,562	13,020,562

Internal service funds are used by management to charge the costs of insurance and workers' compensation to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position:

Net Position	4,597,854	
Workers' Compensation Claims Payable	28,187	
Total	4,626,041	4,626,041

Deferred outflows of resources represent deferred charges on refundings which do not provide current financial resources and therefore are not reported in the funds. 228,730

In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. (13,718)

The net pension liability is not due and payable in the current period, therefore, the liability and related deferred inflows/outflows are not reported in governmental funds:

Deferred Outflows - Pension	19,782,355	
Deferred Inflows - Pension	(834,464)	
Net Pension Liability	(51,725,469)	
Total	(32,777,578)	(32,777,578)

Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds:

General Obligation Bonds	(4,529,537)	
Special Assessments Bonds	(256,443)	
OPWC Loan	(433,145)	
Compensated Absences	(3,766,363)	
Workers' Compensation Claims Payable	(28,187)	
Long-Term Contracts Payable	(2,014,582)	
Capital Leases	(1,122,613)	
Total	(12,150,870)	(12,150,870)

Net Position of Governmental Activities **\$139,565,141**

Muskingum County, Ohio
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2017

Net Change in Fund Balances - Governmental Funds		\$426,815
<i>Amounts reported for governmental activities in the statement of activities are different because:</i>		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay and capital contributions exceeded depreciation in the current period:		
Capital Asset Additions - Capital Outlay	5,004,573	
Capital Asset Additions - Capital Contributions	2,245,745	
Current Year Depreciation	<u>(3,423,965)</u>	3,826,353
Governmental funds only report the disposal of assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal. This is the amount of the proceeds and loss on disposal of assets:		
Proceeds from Sale of Capital Assets	(28,600)	
Loss on Disposal of Assets	<u>(409,166)</u>	(437,766)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds:		
Delinquent Property Taxes	(16,632)	
Special Assessments	(15,395)	
Permissive Sales Taxes	94,676	
Payments in Lieu of Taxes	(178,018)	
Charges for Services	120,018	
Fines and Forfeitures	(1,090)	
Intergovernmental	(1,268,345)	
Interest	15,497	
Rent	(4,750)	
Other	<u>27,232</u>	(1,226,807)
Contractually required contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows or a reduction in the net pension liability.		
		3,871,672
Except for amounts reported as deferred inflows/outflows, changes in the net pension liability are reported as pension expense in the statement of activities.		
		(9,655,932)
Repayments of principal are expenditures in the governmental funds, but the repayments reduce long-term liabilities in the statement of net position:		
General Obligation Bonds	1,264,800	
Special Assessment Bonds	17,235	
OWDA Loans	239,256	
OPWC Loans	15,469	
Capital Leases	<u>365,398</u>	1,902,158
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds:		
Accrued interest	3,342	
Amortization of deferred amount on refunding	(26,222)	
Amortization of bond premium	<u>21,560</u>	(1,320)
Long-term debt proceeds are other financing sources in the governmental funds, but the issuance increases the long-term liabilities on the statement of net position:		
OWDA Loans Issued		(239,256)
Inception of a capital lease is reported as an other financing source in the governmental funds, but the inception increases long-term liabilities on the statement of net position.		
		(1,240,922)
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:		
Compensated Absences Payable	(65,267)	
Long-Term Contracts Payable	<u>761,455</u>	696,188
The internal service funds used by management to charge the costs of insurance to individual funds are not reported in the statement of activities. Governmental fund expenditures and the related internal service funds' revenues are eliminated. The net change of the internal service funds is allocated among governmental activities.		
		<u>(884,437)</u>
Change in Net Position of Governmental Activities		<u><u>(\$2,963,254)</u></u>

Noncash Capital Financing Transactions:

During 2017, capital contributions from customers decreased \$151,770 in the Sewer Enterprise Fund due to a decrease in receivables for unbilled tap-in fees. The Sewer Enterprise Fund reflects a net increase in capital asset additions in the amount of \$105,403 resulting from the recognition of contracts and retainage payables. The Water Enterprise Fund reflects a net increase in capital asset additions in the amount of \$663,309 resulting from the recognition of contracts and retainage payables. The Water Enterprise Fund reflects an increase in capital contributions from grants in the amount of \$585,504 due to the recognition of intergovernmental receivables.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

NOTE 1 - REPORTING ENTITY

Established in 1804, Muskingum County, Ohio (the County) is governed by a board of three commissioners elected by the voters of the County. Other officials elected by the voters of the County who manage various segments of the County's operations are the County Auditor, County Treasurer, County Recorder, Clerk of Courts, County Coroner, County Engineer, Prosecuting Attorney, County Sheriff, two County Court Judges, and four Common Pleas Court Judges. Although the elected officials manage the internal operations of their respective departments, the County Commissioners authorize expenditures as well as serve as the budget and taxing authority, contracting body, and chief administrators of public services for the County, including each of these departments.

Reporting Entity

The reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements of the County are not misleading.

The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the County. For Muskingum County, this includes the Children Services Board, the Board of Developmental Disabilities, the Tuberculosis Clinic Board, the Board of Mental Health and Recovery Services, the Law Library Resources Board and all departments and activities that are directly operated by the elected county officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the County in that the County approves the budget, the levying of taxes, the issuance of debt, and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burden on, the primary government.

The component unit column in the combined financial statements identifies the financial data of the County's component units, the Transportation Improvement District (District) and the Muskingum County Land Reutilization Corporation (Land Bank). They are discretely reported to emphasize that they are legally separate from the County.

The Transportation Improvement District (District) is a body politic and corporate, created for the purpose of financing, constructing, maintaining, repairing, and operating selected transportation projects. The District was specifically formed under the auspices of House Bill 154, and Ohio Revised Code Chapter 5540, as amended, and created by action of the Board of County Commissioners of Muskingum County on November 20, 1995. The District is governed by a Board of Directors that acts as the authoritative and legislative body of the entity. The Board is comprised of seven members, with five members appointed by a majority vote of the Board of Commissioners.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

One member is appointed by the President of the Ohio Senate and one member is appointed by the Speaker of the House of Representatives. The Board of Directors appoints a Chairman, who presides at all meetings and is the chief executive officer of the District. He has the authority to sign all contracts, releases, notes, bonds, and other instruments and documents to be executed on behalf of the District. He is the chief executive officer of the District for the purpose of civil process and is authorized to accept such services on behalf of the District. He performs such other duties and has such authority as may be provided from time to time by the Board. Also, the Zanesville-Muskingum County Port Authority serves as the Administrative Agent for the Muskingum County Transportation Improvement District. The County may impose its will on the District and the relationship between the primary government and the organization is such that exclusion would cause the reporting entity's financial statements to be misleading. Separately issued financial statements can be obtained from the Transportation Improvement District, Zanesville, Ohio.

The Muskingum County Land Reutilization Corporation (Land Bank) is a county land reutilization corporation that was formed on June 27, 2012, when the Muskingum County Board of Commissioners authorized the incorporation of the Land Bank under Chapter 1724 of the Ohio Revised Code through resolution number 10-713 as a not-for-profit corporation under the laws of the State of Ohio. The purpose of the Land Bank is to strengthen neighborhoods in the County by returning vacant and abandoned properties to productive use. The Land Bank has been designated as the County's agent to further its mission to reclaim, rehabilitate, and reutilize vacant, abandoned, tax foreclosed and other real property in the County by exercising the powers of the County under Chapter 5722 of the Ohio Revised Code.

The Land Bank is governed by a five member Board of Directors, consisting of two County Commissioners, the County Treasurer, one representative from the City of Zanesville, and one representative appointed by the Muskingum County Township Trustees Association from a township having a population of ten thousand or more. The Board of Directors has the authority to make, prescribe, and enforce all rules and regulations for the conduct of all business and affairs of the Land Bank and the management and control of its properties. Because the County makes up and/or appoints a voting majority of the Board of Directors, the County is able to impose its will on the operation of the Land Bank. As a result, the Land Bank is reported as a discretely presented component unit of Muskingum County in accordance with Governmental Accounting Standards Board (GASB) Statement No. 14, GASB Statement No. 39, and GASB Statement No. 61. Separately issued financial statements can be obtained from the Muskingum County Land Reutilization Corporation, Zanesville, Ohio.

The following potential component units have been excluded from the County's financial statements because the County is not financially accountable for these organizations nor are these entities for which the County approves the budget, the issuing of debt, or the levying of taxes:

Muskingum Valley Educational Service Center
Muskingum University
Zanesville/Muskingum Convention and Visitors Bureau
City of Zanesville/Washington Township Joint Economic Development District
City of Zanesville/Newton Township Joint Economic Development District
Zanesville, South Zanesville, and Springfield Township Joint Economic Development District

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

As the custodian of public funds, the County Treasurer invests all public monies held on deposit in the county treasury. In the case of the separate agencies, boards, and commissions listed below, the County serves as fiscal agent, but is not financially accountable for their operations. Accordingly, the activity of the following entities is presented as agency funds in the County's financial statements:

Zanesville-Muskingum County General Health District is governed by a seven member board of health which oversees the operation of the health district and is elected by a regional advisory council. The board adopts its own budget, hires and fires its own staff, and operates autonomously from the County.

The Zanesville-Muskingum County Port Authority (the Port Authority) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Port Authority operates under the direction of a five member Board of Directors. The Board is comprised of two members appointed by the City of Zanesville, two members appointed by Muskingum County, and one member appointed jointly by the City and the County. The Port Authority is authorized to purchase, construct, sell, lease, and operate facilities within its jurisdiction as enumerated in Ohio Revised Code Chapter 4582.

Muskingum County Soil and Water Conservation District is statutorily created as a separate and distinct political subdivision of the State. The five supervisors of the Soil and Water Conservation District are elected officials authorized to contract and sue on behalf of the District. The supervisors adopt their own budget, authorize District expenditures, hire and fire staff, and do not rely on the County to finance deficits.

The County participates in the following organizations which are defined as jointly governed organizations. Additional financial information concerning the jointly governed organizations is discussed in Note 20.

SouthEastern Ohio Joint Solid Waste Management District
Mental Health and Recovery Services Board
Mid East Ohio Regional Council of Governments (MEORC)
South East Area Transit Authority (SEAT)
Muskingum Families & Children First Council
Area Agency on Aging
Ohio Mid-Eastern Governments Association (OMEGA)
Zanesville-Muskingum County Port Authority
Perry Multi-County Juvenile Facility
Muskingum County Center for Seniors

The County is associated with the following organizations which are defined as related organizations. Additional financial information concerning the related organizations is presented in Note 21.

Muskingum County Convention Facilities Authority
Zanesville Metropolitan Housing Authority
Muskingum Valley Park District
Muskingum County Library System

The County is associated with the following organizations which are public entity pools. Additional information concerning this organization is presented in Note 22.

County Risk Sharing Authority, Inc. (CORSA)
County Commissioners Association of Ohio (CCAO) Workers' Compensation Group Retrospective
Rating Program (Program)

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the County's accounting policies are described below.

Basis of Presentation

The County's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements The Statement of Net Position and the Statement of Activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activities of the internal service funds are eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The Statement of Net Position presents the financial condition of the governmental and business-type activities of the County at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. The policy of the County is to not allocate indirect expenses to functions in the statement of activities. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants, and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

Fund Financial Statements During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Internal service funds are combined and the totals are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources, and liabilities and deferred inflows of resources, is reported as fund balance. The following are the County's major governmental funds:

General Fund - The General Fund, the County's primary operating fund, accounts for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Public Assistance Fund - To account for various federal and state grants restricted to provide public assistance to general relief recipients and to pay their providers of medical assistance, and for certain public social services.

Starlight School Levy Fund - To account for property tax revenues and federal and state grants. Expenditures are restricted by state law to those that benefit the developmentally disabled. County expenditures have been for social service contracts, medical providers, and costs to maintain and operate buildings and buses provided for the developmentally disabled.

Children Services Levy Fund - To account for revenues derived from property taxes and state and federal funds. State law restricts the expenditure of these revenues to programs designed to aid homeless children or children from troubled families.

The other governmental funds of the County account for grants and other resources whose use is restricted, committed, or assigned to a particular purpose.

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The County reports the following major proprietary funds:

Sewer Fund - To account for sanitary sewer services provided to individuals and commercial users. The costs of providing these services are financed primarily through user charges.

Water Fund - To account for water services provided to individuals and commercial users. The costs of providing these services are financed primarily through user charges.

Internal Service Funds - Internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The internal service funds are used to account for the operation of the County's self-insurance program for employee health benefits and prescription drugs and the run-out claims of the County's workers' compensation program through a retrospective rating plan.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Fiduciary Funds Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the County's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The County's fiduciary funds are all classified as agency funds. The agency funds account for assets held by the County as agent for the Board of Health and other districts and entities and for various taxes, assessments, and state shared resources collected on behalf of and distributed to other local governments.

Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the County are included on the Statement of Net Position. The Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the Statement of Net Position. The Statement of Changes in Revenues, Expenses, and Changes in Fund Net Position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The Statement of Cash Flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, in the recording of deferred outflows/inflows of resources, and in the presentation of expenses versus expenditures.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Revenues - Exchange and Nonexchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within thirty-one days of year-end.

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include sales taxes, property taxes, payments in lieu of taxes, grants, entitlements, and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the taxable sale takes place. Revenue from property taxes and payments in lieu of taxes is recognized in the year for which the taxes are levied (see Note 7). Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: sales taxes (see Note 9), interest, federal and state grants and subsidies, state-levied locally shared taxes (including motor vehicle license fees and gasoline taxes), fees, and rentals.

Unearned revenue represents amounts under the accrual and modified accrual basis of accounting for which asset recognition criteria have been met, but for which revenue recognition criteria have not yet been met because such amounts have not yet been earned.

Deferred Outflows/Inflows of Resources In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the County, deferred outflows of resources include deferred charges on refundings and pension. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows of resources related to pension are explained in Note 13.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the County, deferred inflows of resources include property taxes, payments in lieu of taxes, unavailable revenue, and pension. Property taxes represent amounts for which there is an enforceable legal claim as of December 31, 2017, but which were levied to finance year 2018 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the County unavailable revenue includes delinquent property taxes, delinquent payments in lieu of taxes, permissive sales taxes, special assessments, grants and entitlements, interest, and other miscellaneous accounts receivables. The details of these unavailable revenues are identified on the Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities found on page 22. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. Deferred inflows of resources related to pension are reported on the government-wide statement of net position. (See Note 13)

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the County Commissioners may appropriate. The appropriations resolution is the County Commissioners' authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the County Commissioners. The legal level of control has been established by County Commissioners at the fund, program, department, and object level. Budgetary modifications may only be made by resolution of the County Commissioners.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the County Auditor. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources approved.

The appropriations resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the County Commissioners during the year.

Cash and Cash Equivalents

Cash balances of the County's funds, except cash held by a trustee, fiscal agent, or held in segregated accounts, are pooled and invested in short-term investments in order to provide improved cash management. During 2017, investments were limited to marketable certificates of deposit and federal, state, and local agency securities. Investments are reported at fair value which is based on quoted market prices. Investments of the cash management pool and investments with original maturities of three months or less at the time they are purchased by the County are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months not purchased from the pool are reported as investments. The County has segregated bank accounts for monies held separate from the County's central bank accounts. These bank accounts are presented on the financial statements as "Cash and Cash Equivalents in Segregated Accounts" since they are not required to be deposited into the County Treasury. The County has amounts presented on the financial statements as "Cash and Cash Equivalents with Fiscal Agents" which represents money held by a jointly governed organization (see Note 6).

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Provisions of the Ohio Revised Code restrict investment procedures. Under existing Ohio statutes, all investment earnings are assigned to the General Fund unless statutorily required to be credited to a specific fund. During 2017, interest was distributed to the General Fund and certain special revenue funds. Interest revenue credited to the General Fund during 2017 amounted to \$921,543, which includes \$827,699 assigned from other County funds.

Restricted Assets

The Governmental Balance Sheet is showing restricted cash and cash equivalents for unclaimed monies not available for appropriation and also for amounts withheld on construction contracts until the successful completion of the contracts. The Statement of Fund Net Position is showing restricted cash and cash equivalents in the Sewer and Water Enterprise Funds which represent amounts withheld on construction contracts until the successful completion of the contracts. The Statement of Fund Net Position is also showing restricted cash and cash equivalents in the Water Enterprise Fund which represents cash held for customer deposits.

Receivables and Payables

Receivables and payables are recorded on the County's financial statements to the extent that the amounts are determined material and substantiated not only by supporting documentation, but also, by a reasonable, systematic method of determining their existence, completeness, valuation, and in the case of receivables, collectability. Using this criteria, the County has elected to not record child support arrearages. These amounts, while potentially significant, are not considered measurable, and because collections are often significantly in arrears, the County is unable to determine a reasonable value.

Inventory of Supplies

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2017, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term and long-term interfund loans or interfund services provided and used are classified as "interfund receivables/payables." These amounts are eliminated in the governmental and business-type activities columns of the Statement of Net Position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Position but are not reported in the fund financial statements. Capital assets utilized by enterprise funds are reported both in the business-type activities column of the government-wide Statement of Net Position and in the funds.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The County was able to estimate the historical cost for the initial reporting of infrastructure by backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price level to deflate the cost to the acquisition year or estimated acquisition year). Donated capital assets are recorded at their acquisition values as of the date received. The County maintains a capitalization threshold of five thousand dollars. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest costs incurred during the construction of capital assets utilized by the enterprise funds are also capitalized.

All reported capital assets are depreciated or amortized except for land, land improvements, and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Depreciation and amortization is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives	Business-Type Activities Estimated Lives
Buildings	20-50 Years	20-50 Years
Machinery, Equipment, Furniture and Fixtures	5-10 Years	5-10 Years
Vehicles	5-10 Years	5-10 Years
Infrastructure	15-50 Years	20-50 Years

The County's infrastructure consists of roads, bridges, water and sewer lines, and sewer capacity and includes infrastructure acquired prior to 1980.

Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable the County will compensate the employees for the benefits through paid time off or some other means. The County records a liability for accumulated unused vacation time when earned for all employees with more than one year of service. The liability for vacation benefits is recorded as long-term liabilities, as the balances can be carried for up to three years plus the current year accrual.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the County has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at year-end taking into consideration any limits specified in the County's termination policy. The County records a liability for sick leave for employees after seven years of service at varying rates depending on County policy.

The entire compensated absences liability is reported on the government-wide financial statements. On governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "Matured Compensated Absences Payable" in the fund from which the employees who have accumulated leave are paid. The non-current portion of the liability is not reported. For enterprise funds, the entire amount of compensated absences is reported as a fund liability.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported in the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims, compensated absences, net pension liability, and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases, long-term loans, and long-term notes are recognized as a liability in the governmental fund financial statements when due.

Bond Premiums, Discounts, and Issuance Costs

Bond premiums and discounts are deferred and amortized over the term of the bonds using the straight-line method since the results are not significantly different from the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

On the governmental fund financial statements, governmental fund types recognize bond premiums or discounts in the period in which the related debt is issued. The face amount of the debt issue is reported as other financing sources. Premiums received or discounts paid on debt issuances are shown as other financing sources or uses on the governmental fund financial statements. Debt issuance costs are reported as expenses in the period incurred.

Under Ohio law, premiums on the original issuance of debt are to be deposited to the bond retirement fund to be used for debt retirement and are precluded from being applied to the project fund. Ohio law does allow premiums on refunding debt to be used as part of the payment to the bond escrow agent.

Deferred Charge on Refunding

On the government-wide financial statements, the difference between the reacquisition price (funds required to refund the old debt) and the net carrying amount of the old debt, the gain/loss on the refunding, is being amortized as a component of interest expense. This deferred amount is amortized over the life of the old or new debt, whichever is shorter, using the effective interest method and is presented as deferred outflows of resources on the Statement of Net Position.

Capital Contributions

Contributions of capital arise from contributions of capital assets from governmental activities to business-type activities, tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in governmental funds. The classifications are as follows:

Nonspendable The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, prepaids, as well as inventory, unless the use of the proceeds from the collection of those receivables, or from the use of the prepaids and inventory, is restricted, committed, or assigned.

Restricted Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the County Commissioners. Those committed amounts cannot be used for any other purpose unless the County Commissioners removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. These amounts are assigned by the County Commissioners. In the General Fund, assigned amounts represent intended uses established by the County Commissioners or a County official delegated that authority by resolution or by State Statute. State statute authorizes the County Auditor to assign fund balance for purchases on order provided such amounts have been lawfully appropriated. The County Commissioners assigned fund balance to cover a gap between estimated revenue and appropriations in 2018’s appropriated budget.

Unassigned Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit fund balance.

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Internal Activity

Transfers within governmental activities are eliminated on the government-wide statements. Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Internal allocations of overhead expenses from one program to another or within the same program are eliminated on the Statement of Activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Net Position

Net position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for other purposes primarily include the net position associated with various state and federal grants as well as restricted money from local monies and unclaimed monies. The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for wastewater treatment, sale of water, and self-insurance programs. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. Revenues and expenses not meeting these definitions are reported as non-operating.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 - CHANGE IN ACCOUNTING PRINCIPLE AND CHANGE IN REPORTING ENTITY

For 2017, the County implemented the Governmental Accounting Standards Board's (GASB) *Implementation Guide No. 2016-1*. These changes were incorporated in the County's 2017 financial statements; however, there was no effect on beginning net position/fund balance.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

In prior years, the Muskingum Starlight Industries, Inc. (the Workshop), was reported as a discretely presented component unit of the County. The Workshop is a legally separate, not-for-profit corporation, served by a self-supporting board of trustees. The Workshop, under a contractual agreement with the Muskingum County Board of Developmental Disabilities, previously provided a sheltered workshop for developmentally handicapped adults and provided jobs and learning skills to their clients. The relationship between the Workshop and the Muskingum County Board of Developmental Disabilities changed during 2017 as the Workshop became a privatized entity. The Muskingum County Board of Developmental Disabilities no longer provides direct support (such as salaries, transportation, equipment, and staff to administer and supervise training) and other funds, as necessary, for the operation of the Workshop. The Workshop now bills Medicaid directly and has become fiscally independent of the Muskingum County Board of Developmental Disabilities. As a result, the Workshop no longer meets the criteria of GASB 61 to be included as a component unit of the County and their financial statements are no longer presented within the County's basic financial statements. Net position as previously reported for the Workshop at December 31, 2016 was \$445,369.

NOTE 4 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances.

The Statements of Revenues, Expenditures, and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual for the General Fund and each major special revenue fund are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are as follows:

- A. Revenues and transfers-in are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
- B. Expenditures and transfers-out are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
- C. Outstanding year-end encumbrances are treated as expenditures (budget basis) rather than restricted, committed, or assigned fund balance.
- D. Unrecorded cash, unreported interest, market value adjustments for investments, and prepaid items are reported on the balance sheet (GAAP basis), but not on the budgetary basis.
- E. Cash that is held by the agency funds on behalf of County funds on a budget basis are allocated and reported on the balance sheet (GAAP basis) in the appropriate County fund.
- F. Advances-in and advances-out are operating transactions (budget) as opposed to balance sheet transactions (GAAP).

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Adjustments necessary to convert the results of operations at year-end on the Budget basis to the GAAP basis are as follows:

Net Change in Fund Balances General and Major Special Revenue Funds				
	General	Public Assistance	Starlight School Levy	Children Services Levy
GAAP Basis	\$3,797,239	\$175,530	(\$2,665,700)	(\$724,942)
Net Adjustment for Revenue Accruals	(1,105,799)	(27,923)	35,552	95,806
Beginning of the Year:				
Unrecorded Cash	67,683	0	0	0
Unreported Interest	(418,201)	0	0	0
Agency Fund Cash Allocation	87,248	0	81,160	81,160
Prepaid Items	384,521	71,500	65,358	50,454
End of the Year:				
Unrecorded Cash	(58,877)	0	0	0
Unreported Interest	423,172	0	0	0
Agency Fund Cash Allocation	(894,774)	0	(97,328)	(97,328)
Prepaid Items	(397,607)	(74,633)	(78,239)	(55,696)
Net Adjustment for Expenditure Accruals	431,877	(22,568)	(89,121)	12,035
Advances In	620,031	0	0	0
Advances Out	(737,257)	0	0	0
Transfers Out	42,823	0	0	0
Encumbrances	(703,066)	(431,992)	(128,460)	(374,158)
Budget Basis	<u>\$1,539,013</u>	<u>(\$310,086)</u>	<u>(\$2,876,778)</u>	<u>(\$1,012,669)</u>

NOTE 5 - ACCOUNTABILITY

The following funds had deficit fund balances as of December 31, 2017:

Fund	Deficit Fund Balance
Child Support Enforcement Agency Special Revenue Fund	\$108,308
Homeland Security Special Revenue Fund	34,163
Block Grants Special Revenue Fund	199,460
Highway Capital Projects Fund	119,176

These deficits are the result of the recognition of payables in accordance with generally accepted accounting principles as well as short-term interfund loans from the General Fund needed for operations until the receipt of grant monies. The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

NOTE 6 - DEPOSITS AND INVESTMENTS

Monies held by the County are classified by State statute into two categories. Active monies are public monies determined to be necessary to meet current demands upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts. Monies held by the County, which are not considered active, are classified as inactive.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Protection of the County's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Inactive monies may be deposited or invested, with certain limitations, in the following securities provided the County has filed a written investment policy with the Ohio Auditor of State:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or security issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio or its political subdivisions;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts, in eligible institutions pursuant to ORC section 135.32;
6. No-load money market mutual funds rated in the highest category at the time of purchase by at least one nationally recognized standard rating service or consisting exclusively of obligations described in (1) or (2) above; commercial paper as described in ORC section 135.143 (6); and repurchase agreements secured by such obligations, provided these investments are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio);
8. Securities lending agreements in which the County lends securities and the eligible institution agrees to simultaneously exchange either securities or cash, equal value for equal value;
9. Up to forty percent of the County's average portfolio in either of the following:
 - a. Commercial paper notes in entities incorporated under the laws of Ohio, or any other State, that have assets exceeding five hundred million dollars, which are rated in the highest classification established by two nationally recognized standard rating services, which do not exceed ten percent of the value of the outstanding commercial paper of the issuing corporation and which mature within 270 days after purchase.
 - b. Bankers acceptances eligible for purchase by the Federal Reserve System and which mature within 180 days after purchase.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

10. Up to fifteen percent of the County's average portfolio in notes issued by U.S. corporations or by depository institutions doing business under authority granted by the U.S. provided that the notes are rated in the second highest or higher category by at least two nationally recognized standard rating services at the time of purchase and the notes mature within two years from the date of purchase;
11. A current unpaid or delinquent tax line of credit, provided certain conditions are met related to a County land reutilization corporation under ORC Chapter 1724; and,
12. Up to two percent of the County's average portfolio in debt interests rated at the time of purchase in the three highest categories by two nationally recognized standard rating services and issued by foreign nations diplomatically recognized by the United States government. All interest and principal shall be denominated and payable in United States funds.

Reverse repurchase agreements, investments in derivatives, and investments in stripped principal or interest obligations that are not issued or guaranteed by the United States, are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Bankers' acceptances must mature within 180 days. Commercial paper and corporate notes must mature within 270 days. All other investments must mature within five years from the date of settlement unless matched to a specific obligation or debt of the County. Investments must be purchased with the expectation that they will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

At December 31, 2017, the County's Starlight School Levy Special Revenue Fund had a cash balance of \$2,562,827 with MEORC, a jointly governed organization (see Note 20). The money is held by MEORC in a pooled account which is representative of numerous entities and therefore cannot be classified by risk under GASB Statement 40. Any risk associated with the cash and cash equivalents and investments for MEORC as a whole may be obtained from their audit report. To obtain financial information, write to the Mid East Ohio Regional Council, Cathy Henthorn, who serves as Director of Financial Operations, 1 Avalon Road, Mt. Vernon, Ohio 43050.

Cash on Hand

At year-end, the County had \$1,280,508 in undeposited cash on hand which is included on the financial statements of the County as part of "Equity in Pooled Cash and Cash Equivalents" and "Cash and Cash Equivalents in Segregated Accounts".

Investments

As of December 31, 2017, the County had the following investments. All investments are in an internal investment pool.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Measurement/Investment	Measurement Amount	Maturity	Percent of Total Investments	S&P Rating
Fair Value - Level Two Inputs				
Federal Home Loan Mortgage Corporation Bonds	\$5,418,400	10/25/2019-08/25/2021	15.04%	AA+
Federal National Mortgage Association Bonds	11,843,688	10/29/2018-08/24/2021	32.87%	AA+
Federal Home Loan Bank Bonds	12,336,595	05/23/2019-02/23/2022	34.23%	AA+
Federal Farm Credit Bank Bonds	5,440,949	12/14/2018-10/25/2021	15.10%	AA+
Marketable Certificates of Deposit	<u>996,035</u>	<u>11/22/2019-11/15/2022</u>	<u>2.76%</u>	Not rated
Total	<u><u>\$36,035,667</u></u>		<u><u>100.00%</u></u>	

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The above chart identifies the County's recurring fair value measurements as of December 31, 2017. The County's investments measured at fair value are valued using methodologies that incorporate market inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data including market research publications. Market indicators and industry and economic events are also monitored, which could require the need to acquire further market data. (Level 2 inputs).

Interest Rate Risk The County's investment policy does not address interest rate risk. State statute requires that an investment mature within five years from the date of purchase, unless matched to a specific obligation or debt of the County, and that an investment must be purchased with the expectation that it will be held to maturity. The intent of the policy is to avoid the need to sell securities prior to maturity.

Credit Risk The County has no investment policy that addresses credit risk.

Custodial Credit Risk For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County has no investment policy dealing with investment custodial credit risk beyond the requirement in state statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

Concentration of Credit Risk The County places no limit on the amount it may invest in any one issuer. The percentage of total investments is listed in the table above.

NOTE 7 - PROPERTY TAXES

Property taxes include amounts levied against all real and public utility property located in the County. Property tax revenue received during 2017 for real and public utility property taxes represents collections of 2016 taxes.

2017 real property taxes were levied after October 1, 2017, on the assessed value as of January 1, 2017, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2017 real property taxes are collected in and intended to finance 2018.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2017 public utility property taxes which became a lien December 31, 2016, were levied after October 1, 2017, and are collected in 2018 with real property taxes.

The full tax rate for all County operations for the year ended December 31, 2017, was \$8.55 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2017 property tax receipts were based are as follows:

Real Property	\$1,495,249,950
Public Utility Personal Property	<u>265,371,820</u>
Total Assessed Value	<u><u>\$1,760,621,770</u></u>

The County Treasurer collects property taxes on behalf of all taxing districts in the County. The County Auditor periodically remits to the taxing districts their portion of the taxes collected. The collection and distribution of taxes for all subdivisions within the County, excluding the County itself, is accounted for through agency funds. The amount of the County's tax collections is accounted for within the applicable funds. Property taxes receivable represents real and public utility taxes and outstanding delinquencies which are measurable as of December 31, 2017, and for which there is an enforceable legal claim. In the governmental funds, the portion of the receivable not levied to finance 2017 operations is offset to deferred inflows of resources - property taxes/payments in lieu of taxes. On the accrual basis, collectible delinquent property taxes and delinquent payments in lieu of taxes have been recorded as a receivable and revenue while on the modified accrual basis the revenue has been reported as deferred inflows of resources - unavailable revenue.

NOTE 8 - TAX ABATEMENT DISCLOSURES

As of December 31, 2017, the County provides tax abatements through the Enterprise Zone Tax Exemption Program. Pursuant to Ohio Revised Code Chapter 5709, the County established nine Enterprise Zone Tax agreements to encourage the development of real and commercial property and to promote economic development. Abatements are obtained through application by the property owner, including proof that the improvements have been made, and equal a 75%-100% abatement of the additional property tax resulting from the increase in assessed value as a result of the improvement. The amount of the abatement is adjusted on the assessed valuation of the improved property. The County also contracts with the overlapping school districts for payments in lieu of taxes when required by Ohio Revised Code. If the property owner does not fulfill their end of the agreement, the abatement is subject to termination or modification of exemptions and/or require the owners/heirs/successors to make tax incentive donations for the life of the agreement. Below is the information relevant to the disclosure of this program for the year ended December 31, 2017.

<u>Tax Abatement Program</u>	<u>Amount of 2017 Taxes Abated</u>
Enterprise Zone Tax Exemptions	
Real Property	\$616,040

As of December 31, 2017, the County's property taxes were reduced under Enterprise Zone Tax Exemption agreements entered into by an overlapping government.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Overlapping Government	Amount of 2017 Taxes Abated
Enterprise Zone Tax Exemptions	
City of Zanesville	\$83,750

NOTE 9 - PERMISSIVE SALES AND USE TAXES

In 1971, the County Commissioners by resolution imposed a one-half percent tax, and an additional one-half percent tax in 1982 and 1993, respectively, on all retail sales made in the County, except sales of motor vehicles, and on the storage, use, or consumption in the County of tangible personal property, including automobiles, not subject to sales tax.

Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. The State Tax Commissioner certifies to the Office of Budget and Management the amount of the tax to be returned to the County. The Tax Commissioner's certification must be made within forty-five days after the end of each month. The Tax Commissioner then, on or before the twentieth day of the month in which certification is made, provide for payment to the County. Proceeds of the tax are credited entirely to the General Fund.

NOTE 10 - RECEIVABLES

Receivables at December 31, 2017, consisted of taxes, payments in lieu of taxes, accrued interest, sales taxes, permissive motor vehicle license tax, accounts (billings for user charged services, including unbilled utility services and tap-in fees that the County is allowing property owners to pay over time), special assessments, interfund, loans, and intergovernmental receivables arising from grants, entitlements and shared revenues.

A summary of the principal items of intergovernmental receivables follows:

<u>Governmental Activities</u>	<u>Amount</u>	<u>Governmental Activities (continued)</u>	<u>Amount</u>
Property Tax Allocations	\$590,550	Community Corrections Grant	\$376,240
Local Government Subsidies	352,641	Tuberculosis Reimbursements	12,266
Sales Tax Transition Aid	1,225,008	Children Services Grants and Subsidies	374,166
Emergency Management Grant	18,937	Public Assistance Grants and Subsidies	944,570
Casino Tax Revenue	513,697	Child Support Enforcement Grants and Subsidies	264,144
Highway Grants	147,774	Starlight School Levy Grants and Subsidies	785,834
Highway Traffic Safety Grant	3,128	Miscellaneous Intergovernmental Receivables	46,196
OPOTA Training Reimbursement	29,344	Total Governmental Activities	9,145,168
Felony Delinquent Care and Custody Grants	50,944	Business-Type Activities	
Homeland Security Grants	7,927	Ohio Water Development Authority Grant	475,504
Public Defender	82,505	Public Infrastructure Grant	110,000
Detention Reimbursements	48,032	Total Business-Type Activities	585,504
Victims of Criminal Account Grant	39,257	Total Intergovernmental Receivables	\$9,730,672
MVL and Gasoline Tax Distribution	2,474,142		
Community Development Block Grants	573,639		
JEDD Income Tax Sharing	184,227		

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Delinquent accounts receivable may be certified and collected as a special assessment, subject to foreclosure for non-payment. Management believes all other receivables are fully collectible within one year, except for property taxes, payments in lieu of taxes, special assessments, loans, and a portion of the interfund receivables.

Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year. Delinquent property taxes deemed collectible by the County Auditor and recorded as a receivable in the amount of \$1,694,895 may not be collected within one year.

During 2017, and in previous years, several tax abatement agreements were entered into between the County and local businesses to encourage economic growth in the County. In addition to the abatements, the businesses also agreed with the County and various school districts to make compensation payments in lieu of taxes. Each agreement states a specified percentage that the businesses will pay based on what the property taxes would normally have been. The receivable has been recorded in each of the levied funds. The County is not able to record a receivable for the entire amount of all payments because the payments are based upon projected collections. For more information on tax abatements, see Note 8.

The County entered into Tax Increment Financing Agreements with The Longaberger Company during 1999 and Lowe's Home Center, Inc. during 1994 for the construction of a distribution center and infrastructure improvements. To encourage these improvements, the companies were granted an exemption from paying any property taxes on the new construction; however, payments in lieu of taxes are made to the County each year in an amount equal to the real property taxes that otherwise would have been due. The County is not able to record a receivable for the entire amount for all payments because the payments are based upon projected collections. These payments are being used to finance the above improvements and will continue until the earlier of 30 years or until the revenue in lieu of taxes equals or exceeds the costs of the improvements. A receivable for the amount has been recorded in the Redevelopment Tax Equivalent and the Brandywine Loop Extension Special Revenue Funds. Delinquent amounts deemed collectible by the County Auditor and recorded as a receivable, in the amount of \$144,798, may not be collected in one year.

Special assessments relating to the payment of debt are not expected to be collected within one year. The amount not scheduled for collection during the subsequent year is \$144,472. The County has \$17,997 in delinquent special assessments at December 31, 2017.

Loans Receivable, although ultimately collectible, will not be collected within one year. The County is reflecting a \$138,229 loan receivable in the Debt Service Fund with \$30,000 expected to be received during 2018. This is the result of a loan made to the County Fairboard during 2002.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

NOTE 11 - CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2017, was as follows:

	Balance December 31, 2016	Additions	Reductions	Balance December 31, 2017
<u>Governmental Activities</u>				
Non-Depreciable Capital Assets:				
Land	\$6,475,574	\$228,346	(\$4,510)	\$6,699,410
Land Improvements	34,818,728	855,958	(94,955)	35,579,731
Construction in Progress	3,167,031	20,770	(3,167,031)	20,770

*Of this amount, \$130,099 is presented as amortization expense on the Statement of Revenues, Expenses, and Changes in Fund Net Position relating to the County's intangible asset of purchased sewer capacity which is included in the above table as part of infrastructure.

Included in additions and deletions in the above table is a reclass of construction in progress in the amount of \$2,444,397 to infrastructure as a result of completion of sewer and water projects.

NOTE 12 - RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; employee injuries; and natural disasters. The County contracts with County Risk Sharing Authority, Inc. (CORSA) to address property, liability, and crime insurance coverage. CORSA, a non-profit corporation sponsored by the County Commissioners Association of Ohio, was created to provide affordable liability, property, casualty, and crime insurance coverage for its members and was established May 12, 1987.

Coverage is as follows:

Property Coverage:

Property	\$167,317,313 replacement cost value
Equipment Breakdown	\$100,000,000 each accident
Crime	\$1,000,000 each occurrence
Gross Earnings/Extra Expense	\$2,500,000 each occurrence
Contingent Business Interruption	\$100,000 each occurrence

Muskingum County, Ohio

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

Liability Coverage:

Automobile Liability	\$1,000,000 each occurrence
Uninsured/Underinsured Motorists	\$250,000 each occurrence
General Liability	\$1,000,000 each occurrence
Attorney Disciplinary Proceedings	\$25,000 each occurrence
	\$25,000 annual aggregate
Declaratory Injunctive or	\$25,000 each occurrence
Equitable Relief	\$25,000 annual aggregate
Law Enforcement Canines	\$80,000 limit
Law Enforcement Liability	\$1,000,000 each occurrence
Errors and Omissions Liability	\$1,000,000 each occurrence
	\$1,000,000 annual aggregate
	\$100,000 back wages
Ohio Stop Gap Employers' Liability	\$1,000,000 each occurrence
Employee Benefits Liability	\$1,000,000 each occurrence
Excess Liability	\$7,000,000 each occurrence
	\$7,000,000 annual aggregate
Privacy and Security Liability	\$1,000,000 each occurrence
	\$1,000,000 annual aggregate

The deductibles on the above coverage for each occurrence range from \$2,500 to \$5,000.

Settlements have not exceeded coverage in any of the last three years. There has not been a significant reduction in coverage from the prior year.

The County maintains a limited risk health insurance program for employees through National Union Fire Insurance Company of Pittsburgh, PA. Premiums are paid to a third party administrator, MedBen Marketing Services, Inc. The claims are processed and monitored by a County insurance administrator in conjunction with the third party administrator. An internal service fund is presented in the financial statements and reflects premiums paid into the Self-Insurance Health Internal Service Fund by other funds which are available to pay claims and administrative costs, and establish claim reserves. An excess coverage insurance policy covers annual individual claims in excess of \$125,000 and aggregate annual claims in excess of \$8,081,330.

The claims liability of the Self-Insurance Health Internal Service Fund of \$891,963 is based on the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Amounts reported were provided by the County's third party administrators.

Changes in the funds' claims liability for 2016 and 2017 were:

Self Insurance Health Fund	Balance at Beginning of Year	Current Year Claims	Claims Payments	Balance at End of Year
2016	\$935,442	\$7,025,098	\$6,782,193	\$1,178,347
2017	1,178,347	8,446,915 (1)	8,733,299	891,963
			\$8,312,191	
			134,724	
			<u>\$8,446,915</u>	

(1) Claims Expense
Increase in Claims Reimbursement Receivable
Current Year Claims

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

From 2006 through 2014, the County maintained a retrospective rating workers' compensation program. Under the retrospective rating program, the County accumulated workers' compensation premiums in a self-insurance internal service fund based upon rates determined by their third party administrator. A portion of the premiums were paid to the State of Ohio to cover administrative fees, while the remaining premiums were maintained in the fund and used to pay claims as they were billed by the State. The remaining amount of the accumulated premiums will be used to pay future claims relating to years 2006 through 2014. These claims are billed to the County one year in arrears. Once the County receives notice of the prior year claims paid by the Bureau of Workers' Compensation, the County will reimburse the State for claims paid on the County's behalf. This payable is reclassified from claims payable to intergovernmental payable. The County contracts with the firm of Comp Management, Inc. to provide administrative, costs controls, and actuarial services for the plan. The intergovernmental and claims liabilities reported in the Workers' Compensation Internal Service Fund at December 31, 2017, is based on the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for unpaid costs, including estimates of costs related to incurred but not reported and incurred but not paid claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Changes in the fund's claims and intergovernmental liabilities in 2016 and 2017 were:

Self-Insurance Workers' Compensation Fund	Balance at Beginning of Year	Change in Estimate	Current Year Claims	Claims Payments	Balance at End of Year
2016	\$378,163	(\$81,063)	\$0	\$170,877	\$126,223
2017	126,223	0	6,022	66,106	66,139

The County participates in the workers' compensation program provided by the State of Ohio. For 2017, the County participated in the County Commissioners Association of Ohio (CCAO) Workers' Compensation Group Rating Program (Program), an insurance purchasing pool. (See Note 22) The Program is intended to achieve lower workers' compensation rates while establishing safer working conditions and environments for the participants. The participating counties continue to pay for their own individual premiums and have the opportunity to receive retrospective premium adjustments based upon the combined performance of the group. Depending upon that performance, the participating employers can receive either a premium refund or assessment. Employers will pay experience - or base rated premium under the same terms as if they were not in a retro group. The total premium for the entire group is the standard premium of the group. The standard premium serves as the benchmark that is adjusted up and down retroactively. In order to allocate the savings derived by formation of the Program, the Program's executive committee annually calculates the group-retrospective premium based on developed incurred claim losses for the whole group. The new premium is compared to the standard premium. If the retrospective premium is lower than the standard premium, a refund will be distributed to the employers of the group. If the retrospective premium is higher, an assessment will be charged to each participant.

Participation in the Program is limited to counties that can meet the Program's selected criteria. The firm of Comp Management, Inc. provides administrative, cost control, and actuarial services to the Program. Each year, the County pays an enrollment fee to the Program to cover the costs of administering the Program.

The County may withdraw from the Program if written notice is provided sixty days prior to the prescribed application deadline of the Ohio Bureau of Workers' Compensation. However, the participant is not relieved of the obligation to pay any amounts owed to the Program prior to withdrawal.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

NOTE 13 - DEFINED BENEFIT PENSION PLANS

Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions - between an employer and its employees - of salaries and benefits for employee services. Pensions are provided to an employee - on a deferred-payment basis - as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the County's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments, and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the County's obligation for this liability to annually required payments. The County cannot control benefit terms or the manner in which pensions are financed; however, the County does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

Plan Description - Ohio Public Employees Retirement System (OPERS)

County employees, other than licensed teachers and other faculty members, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. County employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information, including requirements for reduced and unreduced benefits):

Group A	Group B	Group C
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35
Law Enforcement	Law Enforcement	Law Enforcement
Age and Service Requirements: Age 52 with 15 years of service credit Formula: 2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25	Age and Service Requirements: Age 48 with 25 years of service credit or Age 52 with 15 years of service credit Formula: 2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25	Age and Service Requirements: Age 48 with 25 years of service credit or Age 56 with 15 years of service credit Formula: 2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25

Final Average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	State and Local	Law Enforcement
2017 Statutory Maximum Contribution Rates		
Employer	14.0 %	18.1 %
Employee	10.0 %	*
 2017 Actual Contribution Rates		
Employer:		
Pension	13.0 %	17.1 %
Post-employment Health Care Benefits	1.0 %	1.0 %
Total Employer	14.0 %	18.1 %
Employee	10.0 %	13.0 %

* This rate is determined by OPERS' Board, but it limited by ORC to not more than 2 percent greater than the Public Safety rate.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The County's contractually required contribution was \$3,899,331 for 2017. Of this amount, \$388,962 is reported as an intergovernmental payable.

Plan Description - State Teachers Retirement System (STRS)

County licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by two percent of the original base benefit. For members retiring August 1, 2013, or later, the first two percent is paid on the fifth anniversary of the retirement benefit. Effective July 1, 2017, the cost-of-living adjustment was reduced to zero. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 26 years of service, or 31 years of service regardless of age. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

The DC Plan allows members to place all their member contributions and 9.5 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12 percent of the 14 percent member rate goes to the DC Plan and the remaining 2 percent goes to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50 or later.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. Through June 30, 2017, the employer rate was 14 percent and the member rate was 14 percent of covered payroll. The 2017 contribution rates were equal to the statutory maximum rates.

The County's contractually required contribution to STRS was \$89,321 for 2017. Of this amount, \$1,739 is reported as an intergovernmental payable.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for OPERS was measured as of December 31, 2016, and the net pension liability for STRS was measured as of June 30, 2017. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of the respective measurement dates. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

Muskingum County, Ohio

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

	OPERS	STRS	Total
Proportion of the Net Pension Liability:			
Current Measurement Date	0.2282760%	0.00607446%	
Prior Measurement Date	0.2319050%	0.00597203%	
Change in Proportionate Share	<u>-0.0036290%</u>	<u>0.0001024%</u>	
Proportionate Share of the Net Pension Liability	\$51,837,598	\$1,443,001	\$53,280,599
Pension Expense	\$10,559,995	(\$587,263)	\$9,972,732

At December 31, 2017, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	OPERS	STRS	Total
Deferred Outflows of Resources			
Differences between expected and actual experience	\$70,262	\$55,722	\$125,984
Change of assumptions	8,222,078	315,600	8,537,678
Net difference between projected and actual earnings on pension plan investments	7,719,814	0	7,719,814
Changes in proportion and differences between County contributions and proportionate share of contributions	0	50,841	50,841
County contributions subsequent to the measurement date	3,899,331	46,054	3,945,385
Total Deferred Outflows of Resources	<u>\$19,911,485</u>	<u>\$468,217</u>	<u>\$20,379,702</u>
Deferred Inflows of Resources			
Differences between expected and actual experience	\$308,511	\$11,630	\$320,141
Net difference between projected and actual earnings on pension plan investments	0	47,621	47,621
Changes in proportion and differences between County contributions and proportionate share of contributions	337,126	148,945	486,071
Total Deferred Inflows of Resources	<u>\$645,637</u>	<u>\$208,196</u>	<u>\$853,833</u>

\$3,945,385 reported as deferred outflows of resources related to pension resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ending December 31,	OPERS	STRS	Total
2018	\$6,304,906	\$34,853	\$6,339,759
2019	6,556,318	99,635	6,655,953
2020	2,731,581	48,406	2,779,987
2021	(226,288)	31,073	(195,215)
	<u>\$15,366,517</u>	<u>\$213,967</u>	<u>\$15,580,484</u>

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability was determined by an actuarial valuation as of December 31, 2016, using the following actuarial assumptions applied to all periods included in the measurement in accordance with the requirements of GASB 67. In 2016, the OPERS' actuarial consultants conducted an experience study for the period 2011 through 2015, comparing assumptions to actual results. The experience study incorporates both a historical review and forward-looking projections to determine the appropriate set of assumptions to keep the plan on a path toward full funding. Information from this study led to changes in both demographic and economic assumptions, with the most notable being a reduction in the actuarially assumed rate of return from 8.0 percent down to 7.5 percent, for the defined benefit investments. Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, prepared as of December 31, 2016, compared with December 31, 2015, are presented below:

	December 31, 2016	December 31, 2015
Wage Inflation	3.25 percent	3.75 percent
Future Salary Increases, including inflation	3.25 to 10.75 percent including wage inflation	4.25 to 10.05 percent including wage inflation
COLA or Ad Hoc COLA:		
Pre-January 7, 2013 Retirees	3 percent, simple	3 percent, simple
Post-January 7, 2013 Retirees	3 percent, simple through 2018, then 2.15 percent, simple	3 percent, simple through 2018, then 2.8 percent, simple
Investment Rate of Return	7.5 percent	8 percent
Actuarial Cost Method	Individual Entry Age	Individual Entry Age

For 2016, mortality rates were based on the RP-2014 Healthy Annuitant Mortality table. For males, Healthy Annuitant Mortality tables were used, adjusted for mortality improvement back to the observation period base of 2006 and then established the base year as 2015. For females, Healthy Annuitant Mortality tables were used, adjusted for mortality improvements back to the observation period base year of 2006 and then established the base year as 2010. The mortality rates used in evaluating disability allowances were based on the RP-2014 Disabled Mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and then established the base year as 2015 for males and 2010 for females. Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables.

For 2015, mortality rates were based on the RP-2000 Mortality table projected 20 years using Projection Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality table with no projections. For males 120 percent of the disabled female mortality rates were used set forward two years. For females, 100 percent of the disabled female mortality rates were used.

The most recent experience study was completed for the five year period ended December 31, 2015. The prior experience study was completed for the five year period ended December 31, 2010.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2016, OPERS managed investments in four investment portfolios: the Defined Benefit portfolio, the 401(h) Health Care Trust portfolio, the 115 Health Care Trust portfolio, and the Defined Contribution portfolio. The 401(h) Health Care Trust portfolio was closed as of June 30, 2016 and the net position transferred to the 115 Health Care Trust portfolio on July 1, 2016. The Defined Benefit portfolio contains the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, and the annuitized accounts of the Member-Directed Plan. The Defined Benefit portfolio historically included the assets of the Member-Directed retiree medical accounts funded through the VEBA Trust. However, the VEBA Trust was closed as of June 30, 2016 and the net position transferred to the 115 Health Care Trust portfolio on July 1, 2016. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio is 8.3 percent for 2016.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2016 and the long-term expected real rates of return:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)</u>
Fixed Income	23.00 %	2.75 %
Domestic Equities	20.70	6.34
Real Estate	10.00	4.75
Private Equity	10.00	8.97
International Equities	18.30	7.95
Other investments	18.00	4.92
Total	<u>100.00 %</u>	<u>5.66 %</u>

Discount Rate The discount rate used to measure the total pension liability for 2016 was 7.5 percent. The discount rate for 2015 was 8 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the County's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.5 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.5 percent) or one-percentage-point higher (8.5 percent) than the current rate:

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
County's proportionate share of the net pension liability	\$79,193,510	\$51,837,598	\$29,041,273

Actuarial Assumptions - STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the July 1, 2017, actuarial valuation, compared with July 1, 2016 are presented below:

	July 1, 2017	July 1, 2016
Inflation	2.50 percent	2.75 percent
Projected salary increases	12.50 percent at age 20 to 2.50 percent at age 65	12.25 percent at age 20 to 2.75 percent at age 70
Investment Rate of Return	7.45 percent, net of investment expenses, including inflation	7.75 percent, net of investment expenses, including inflation
Payroll Increases	3 percent	3.5 percent
Cost-of-Living Adjustments (COLA)	0.0 percent, effective July 1, 2017	2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, 2013, or later, 2 percent COLA commences on fifth anniversary of retirement date.

For the July 1, 2017, actuarial valuation, post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

For the July 1, 2016 actuarial valuation, mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022 - Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89, and no set back from age 90 and above.

Actuarial assumptions used in the July 1 2017, valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016. Actuarial assumptions used in the June 30, 2016, valuation are based on the results of an actuarial experience study, effective July 1, 2012.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Rate of Return *
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
 Total	 100.00 %	

* 10 year annualized geometric nominal returns, which include the real rate of return and inflation of 2.5 percent and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate The discount rate used to measure the total pension liability was 7.45 percent as of June 30, 2017. The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2016. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2017. Therefore, the long-term expected rate of return on pension plan investments of 7.45 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2017.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the County's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.45 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.45 percent) or one-percentage-point higher (8.45 percent) than the current rate:

	1% Decrease (6.45%)	Current Discount Rate (7.45%)	1% Increase (8.45%)
County's proportionate share of the net pension liability	\$2,068,493	\$1,443,001	\$916,118

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

NOTE 14 - POST-EMPLOYMENT BENEFITS

Ohio Public Employees Retirement System (OPERS)

Plan Description - The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans. The Traditional Pension Plan, a cost-sharing, multiple-employer defined benefit pension plan; the Member - Directed Plan, a defined contribution plan; and the Combined Plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains two cost-sharing multiple-employer defined benefit post-employment health care trusts which funded multiple health care plans including medical coverage, prescription drug coverage, and deposits to a Health Reimbursement Arrangement, to qualifying benefit recipients of both the Traditional Pension and Combined Plans. This trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for post-employment health care coverage, age and service retirees under the Traditional and Combined Plans must have twenty or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45. See OPERS' CAFR referenced below for additional information.

The Ohio Revised Code permits, but does not require, OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority requiring public employers to fund post-employment health care through contributions to OPERS. A portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2017, state and local government employers contributed at a rate of 14 percent of earnable salary and public safety and law enforcement employers contributed at 18.1 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 1.0 percent during calendar year 2017. As recommended by OPERS' actuary, the portion of employer contributions allocated to health care beginning January 1, 2018 decreased to 0 percent for both plans. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the Member-Directed Plan for 2017 was 4.0 percent.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Substantially all of the County's contribution allocated to fund post-employment health care benefits relates to the cost-sharing, multiple-employer trusts. The corresponding contribution for the years ended December 31, 2017, 2016, and 2015 was \$288,409, \$523,828, and \$636,550, respectively. For 2017, 90 percent has been contributed with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2016 and 2015.

State Teachers Retirement System (STRS)

Plan Description - The State Teachers Retirement System of Ohio (STRS Ohio) administers a cost-sharing, multiple employer defined benefit Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs, and reimbursement of monthly Medicare Part B premiums. Medicare Part B premium reimbursements will be discontinued effective January 1, 2019. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy - Ohio Revised Code Chapter 3307 authorizes STRS Ohio to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Health Plan. All health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For fiscal year 2017, 2016, and 2015, STRS Ohio did not allocate any employer contributions to postemployment health care.

NOTE 15 - OTHER EMPLOYEE BENEFITS

Compensated Absences

County employees earn vacation and sick leave at varying rates depending on length of service and department policy. All accumulated, unused vacation time is paid upon separation if the employee has at least one year of service with the County. Accumulated, unused sick leave and compensatory time are paid upon retirement to an employee at varying rates depending on length of service and department policy.

Other Health Insurance Options

The County offers additional health insurance options to employees covered under the County's self-insurance program. MedBen health coverage is one alternative. The County also offers life insurance coverage through UNUM Life Insurance of America, vision coverage through the Vision Service Plan, Inc., and dental coverage through Superior Dental.

NOTE 16 - CAPITAL LEASES-LESSEE DISCLOSURE

In prior years, the County has entered into capitalized leases for copiers, postage machines, vehicles, and road equipment. During 2017, the County entered into lease arrangements totaling \$1,240,922 for vehicles to be used by the sheriff's department, road equipment to be used by the highway department, and two postage machines to be used by the human services department. Each lease meets the criteria of a capital lease which is defined as transferring benefits and risks of ownership to the lessee. Capital lease payments are reflected as debt service expenditures in the basic financial statements for the governmental funds.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Assets acquired by lease have been capitalized in the government-wide statements governmental activities in the amount of \$1,565,862, which is equal to the present value of the future minimum lease payments at the time of acquisition. A corresponding liability was recorded in the government-wide statements as part of governmental activities. Governmental activities capitalized leased assets are reflected net of accumulated depreciation in the amount of \$1,500,442 at December 31, 2017. Principal payments toward all capital leases during 2017 totaled \$365,398 for governmental activities.

Future minimum lease payments through 2023 for governmental activities are as follows:

Year Ending December 31,	Principal	Interest	Total
2018	\$291,489	\$42,605	\$334,094
2019	205,414	30,334	235,748
2020	153,431	21,414	174,845
2021	158,435	15,295	173,730
2022	154,542	9,666	164,208
2023	159,302	4,907	164,209
Total	<u>\$1,122,613</u>	<u>\$124,221</u>	<u>\$1,246,834</u>

NOTE 17 - SIGNIFICANT COMMITMENTS

Encumbrances

Encumbrances are commitments to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year-end, the amount of encumbrances expected to be honored upon performance by the vendor in the next year were as follows:

<u>Governmental Funds</u>	
General Fund	\$703,066
Public Assistance	431,992
Starlight School Levy	128,460
Children Services Levy	374,158
Other Governmental Funds	712,983
Total Governmental Funds	<u>2,350,659</u>
<u>Proprietary Funds</u>	
Sewer	199,779
Water	701,531
Internal Service Funds	1,192,734
Total Proprietary Funds	<u>2,094,044</u>
Total All Funds	<u>\$4,444,703</u>

Muskingum County, Ohio

Notes to the Basic Financial Statements
For the Year Ended December 31, 2017

Contractual Commitments

As of December 31, 2017, the County had contractual purchase commitments for the following projects:

<u>Project</u>	<u>Fund</u>	<u>Purchase Commitment</u>	<u>Amount Paid as of 12/31/2017</u>	<u>Amount Remaining on Contract</u>
Sexennial Revaluation	Real Estate Assessment Special Revenue Fund	\$1,058,250	\$862,276	\$195,974
Senior Center Renovations	Senior Building Renovations Capital Projects Fund	2,504,433	2,486,944	17,489
South Avenue Lift Station	Sewer Enterprise Fund	848,763	181,799	666,964
South Avenue Force Main	Sewer Enterprise Fund	801,494	391,645	409,849
Ruraldale Extension	Water Enterprise Fund	328,206	224,670	103,536
State Route 555 Extension	Water Enterprise Fund	3,117,737	840,471	2,277,266
Wastewater Treatment Plant	Water Enterprise Fund	39,925	19,963	19,962

Of the amount remaining on these projects, \$559,011 was encumbered in the Water Enterprise Fund at year end.

NOTE 18 - LONG-TERM OBLIGATIONS

Changes in the County's long-term obligations during 2017 consist of the following:

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Governmental Activities

On September 24, 2009, the County issued \$2,270,000 in Various Purpose Improvement Serial Bonds. The proceeds of these bonds retired bond anticipation notes that were granted to the City of Zanesville to be used for an extension of a road within the city limits, construct a road to Eastpointe, acquiring a County building, and acquiring and improving two parcels of land to provide parking. The outstanding portion of the bonds that were used as a grant to the City of Zanesville, and as such are considered non-capital related debt, is \$575,000 at December 31, 2017. The bonds were sold at a premium of \$14,987 that will be amortized over the life of the bonds using the straight-line method. These bonds are backed by the full faith and credit of the County and are being retired from the Bond Retirement Debt Service Fund using General Fund property tax revenues. The bonds were issued for a twenty year period with final maturity in 2029.

On June 3, 2009, the County issued \$9,425,000 of County Facilities Improvement General Obligation Refunding serial bonds that were used to refund the 1998 County Facilities Refunding Bonds, the 1999 Child Support Enforcement Building Bonds, and the 1999 Juvenile Detention Facility Bonds. The general obligation refunding bonds were sold at a premium of \$150,492 that will be amortized over the term of the bonds. The refunding resulted in a current refunding of the 1998 County Facilities Refunding Bonds in the amount of \$3,105,000 and an advance refunding of the 1999 Child Support Enforcement Building and Juvenile Detention Facility Bonds in the amounts of \$2,645,000 and \$3,315,000, respectively. \$6,223,607, (after premium, underwriting fees, and other issuance costs) was deposited into an irrevocable trust to provide for all future debt service payments on the refunded 1999 bonds. On December 1, 2009, the 1999 refunded general obligation bonds were called and paid in full and the escrow account was closed. As a result of the total refunding, \$9,065,000 of the refunded bonds is considered defeased and the liability is removed from the statement of net position. The refunding resulted in a difference between the net carrying amount of the debt and the acquisition price in the amount of \$331,367. This difference, reported in the accompanying financial statements as a deferred amount on refunding, is being amortized to interest expense through the year 2027. The amount amortized for 2017 is \$17,440 leaving an unamortized balance of \$174,400. The bonds are backed by the full faith and credit of the County and are being retired from the Bond Retirement Debt Service Fund using General Fund property tax revenues. The bonds were issued for an eighteen year period with final maturity in 2027.

On July 10, 2012, the County issued \$1,655,000 of Various Purpose General Obligation Refunding Serial Bonds that were used to refund the 2002 Various Purpose Serial and Term Bonds. The general obligation refunding bonds were sold at a premium of \$71,987 that will be amortized over the term of the bonds. The refunding resulted in an advance refunding of the 2002 Various Purpose Serial and Term Bonds in the amount of \$1,780,000. \$1,838,410, (after premium, underwriting fees, and other issuance costs) was deposited into an irrevocable trust to provide for all future debt service payments on the refunded 2002 bonds. On December 3, 2012, the 2002 refunded general obligation bonds were called and paid in full and the escrow account was closed. As a result of the total refunding, \$1,780,000 of the refunded bonds is considered defeased and the liability is removed from the statement of net position. The refunding resulted in a difference between the net carrying amount of the debt and the acquisition price in the amount of \$58,410. This difference, reported in the accompanying financial statements as a deferred amount on refunding, is being amortized to interest expense through the year 2022. The amount amortized for 2017 is \$5,841 leaving an unamortized balance of \$29,205. The bonds are backed by the full faith and credit of the County and are being retired from the Bond Retirement Debt Service Fund using General Fund property tax revenues as well as intergovernmental payments received from the County Fairboard. The bonds were issued for a ten year period with final maturity in 2022.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

On May 1, 2013, the County issued \$200,000 in Job and Family Services Private Placement Bonds. The proceeds of the bonds were used to pay costs of improving and remodeling the Job and Family Services Building. The Bonds are backed by the full faith and credit of the County and are being retired from the Bond Retirement Debt Service Fund using General Fund property tax revenues as well as rent received from the Department of Job and Family Services. The bonds were issued for a fourteen year period with final maturity in 2027.

On March 30, 2016, the County issued \$560,000 of Various Purpose General Obligation Refunding Serial Bonds that were used to refund the 2006 Various Purpose Serial and Term Bonds. The general obligation refunding bonds were sold at a premium of \$55,425 that will be amortized over the term of the bonds. The refunding resulted in an advance refunding of the 2006 Various Purpose Serial and Term Bonds in the amount of \$580,000. \$603,105, (after premium, underwriting fees, and other issuance costs) was deposited into an irrevocable trust to provide for all future debt service payments on the refunded 2006 bonds. On December 1, 2016, the 2006 refunded general obligation bonds were called and paid in full and the escrow account was closed. As a result of the total refunding, \$580,000 of the refunded bonds is considered defeased and the liability is removed from the statement of net position. The refunding resulted in a difference between the net carrying amount of the debt and the acquisition price in the amount of \$22,610. This difference, reported in the accompanying financial statements as a deferred amount on refunding, is being amortized to interest expense through the year 2026. The amount amortized for 2017 is \$2,056 leaving an unamortized balance of \$18,499. The bonds are backed by the full faith and credit of the County and are being retired from the Bond Retirement Debt Service Fund using General Fund property tax revenues. The bonds were issued for a ten year period with final maturity in 2026.

Annual debt service requirements to maturity for general obligation bonds are as follows:

Year Ending December 31,	Principal	Interest	Total
2018	\$963,170	\$156,670	\$1,119,840
2019	993,580	125,271	1,118,851
2020	343,970	87,236	431,206
2021	369,400	76,485	445,885
2022	374,830	64,936	439,766
2023-2027	1,003,050	183,949	1,186,999
2028-2029	312,000	20,581	332,581
Total	<u>\$4,360,000</u>	<u>\$715,128</u>	<u>\$5,075,128</u>

Special Assessment Bonds

During 2008, the County issued \$103,507 and during 2009 issued \$68,535 in Rose Hill Road Area Waterline Special Assessment OWDA Bonds. The bonds were used to pay the costs of planning and constructing a water line that the County granted to the Village of Roseville. The bonds were issued for a thirty year period with final maturity in 2039.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

On July 10, 2012, the County issued \$130,000 of Various Purpose General Obligation Refunding Serial Bonds that were used to refund the 2002 Various Purpose Serial and Term Bonds. The general obligation refunding bonds were sold at a premium of \$5,740 that will be amortized over the term of the bonds. The refunding resulted in an advance refunding of the 2002 Various Purpose Serial and Term Bonds in the amount of \$135,000. \$139,427, (after premium, underwriting fees, and other issuance costs) was deposited into an irrevocable trust to provide for all future debt service payments on the refunded 2002 bonds. On December 3, 2012, the 2002 refunded general obligation bonds were called and paid in full and the escrow account was closed. As a result of the total refunding, \$135,000 of the refunded bonds is considered defeased and the liability is removed from the statement of net position. The refunding resulted in a difference between the net carrying amount of the debt and the acquisition price in the amount of \$4,427. This difference, reported in the accompanying financial statements as a deferred amount on refunding, is being amortized to interest expense through the year 2022. The amount amortized during 2017 was \$443 leaving an unamortized balance of \$2,212. The bonds were issued for a ten year period with final maturity in 2022.

On November 13, 2013, the County issued \$46,600 of Various Purpose Capital Facilities Refunding Bonds that consisted of \$38,400 in serial bonds and \$8,200 in term bonds that were used to current refund the 2003 Capital Facilities Refunding Serial and Term Bonds. These special assessment refunding bonds were sold at a premium of \$1,173 that will be amortized over the term of the bonds. The refunding resulted in no difference between the net carrying amount of the debt and the reacquisition price. However, the unamortized deferred amount on refunding from the 2003 refunded bonds, in the amount of \$6,624 will be amortized to interest expense through the year 2028. The amount amortized during 2017 was \$442 leaving an unamortized balance of \$4,414. The bonds were issued for a fifteen year period with final maturity in 2028.

All special assessment bonded debt will be repaid from the Special Assessment Debt Service Fund with proceeds of special assessments levied against benefited property owners. In the event the property owners do not pay their assessments, the County would be responsible for the debt service payment.

Special assessment bond debt service requirements to maturity are as follows:

Year Ending December 31,	Principal	Interest	Total
2018	\$18,300	\$3,068	\$21,368
2019	18,200	2,701	20,901

Mandatory Redemptions for Special Assessment Bonds

The 2013 capital facilities refunding bond issue consisted of serial and term bonds. Governmental activities special assessment term bonds in the amount of \$8,200 mature in the year 2028. These bonds are subject to mandatory sinking fund redemption (with the balance of \$2,680 to be paid at maturity on December 1, 2028) at a redemption price equal to 100 percent of the principal amount redeemed on December 1 in the years and amounts as follows:

<u>Year</u>	<u>Amount</u>
2026	\$2,840
2027	2,680

Optional Redemptions

The series 2009 improvement bonds maturing on or after December 1, 2020 are subject to prior redemption on or after December 1, 2019 by and at the sole option of the County, either in whole or in part on any date, in integral multiples of \$5,000, at a redemption price equal to 100 percent of the principal amount redeemed, plus accrued interest to the redemption date.

The series 2009 refunding bonds maturing on or after December 1, 2020 are subject to prior redemption on or after December 1, 2019 by and at the sole option of the County, either in whole or in part on any date, in integral multiples of \$5,000, at a redemption price equal to 100 percent of the principal amount redeemed, plus accrued interest to the redemption date.

The series 2013 refunding bonds maturing on or after December 1, 2024 are subject to prior redemption on or after December 1, 2023 by and at the sole option of the County, either in whole or in part, on any date, in integral multiples of \$5,000, at a redemption price equal to 100 percent of the principal amount redeemed, plus interest accrued to the redemption date.

Ohio Water Development Authority Loans

During 2017, the County issued \$239,256 in OWDA Loans to be used for two Home Sewage Treatment System programs. During 2017, these loans were retired with grant proceeds received by the Block Grants Special Revenue Fund.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Ohio Public Works Commission (OPWC) Loan

During 2014, the County entered into a contractual agreement for a construction loan from OPWC. Under the term of this agreement, OPWC will reimburse, advance, or directly pay the construction costs of the approved project. OPWC will capitalize administrative costs and construction interest and add them to the total amount of the final loan. As of December 31, 2017, the Issue II Capital Projects Fund received \$464,083 of this interest free loan. This loan will be repaid from revenues of the Motor Vehicle and Gasoline Tax Special Revenue Fund. Principal requirements to maturity are as follows:

Year Ending December 31,	Principal
2018	\$7,735
2019	15,469
2020	15,469
2021	15,469
2022	15,469
2023-2027	77,347
2028-2032	77,347
2033-2037	77,347
2038-2042	77,347
2043-2046	54,146
Total	<u>\$433,145</u>

Compensated Absences

The County will pay compensated absences from the General Fund, and the Public Assistance, Starlight School Levy, Children Services Levy, Dog and Kennel, Child Support Enforcement Agency, Real Estate Assessment, Miscellaneous Federal Grants, Delinquent Real Estate Tax and Assessment Collection, Tuberculosis Clinic, Block Grants, Home Detention (Electronic Monitor), Senior Citizens Levy, Felony Delinquent Care and Custody, Sheriff Levy, Motor Vehicle and Gasoline Tax, Law Library Resources, Concealed Weapon, and Wireless 911 Special Revenue Funds.

Workers' Compensation Claims Payable

The County has a liability for workers' compensation as part of the State Workers' Compensation retrospective rating and payment program. The County will pay the claims payable from accumulated resources in the Workers' Compensation Internal Service Fund. These amounts have been paid in prior years from the General Fund, and the Public Assistance, Motor Vehicle and Gasoline Tax, Starlight School Levy, Children Services, Dog and Kennel, Child Support Enforcement Agency, Real Estate Assessment, Miscellaneous Federal Grants, Access Visitation, Delinquent Real Estate Tax and Assessment Collection, Tuberculosis Clinic, Block Grants, County Courts, Community Corrections, Home Detention (Electronic Monitor), Senior Citizens Levy, Felony Delinquent Care and Custody, Victim of Criminals, Sheriff Levy, Wireless 911, Law Library Resources, Concealed Weapon, and Sheriff Commissary Special Revenue Funds.

Net Pension Liability

There is no repayment schedule for the net pension liability. However, employer pension contributions are made from the following funds: General Fund and the Public Assistance, Starlight School Levy, Children Services Levy, Dog and Kennel, Child Support Enforcement Agency, Real Estate Assessment, Miscellaneous Federal Grants, Delinquent Real Estate Tax and Assessment Collection, Tuberculosis Clinic, Block Grants, County Courts, Community Correction, Electronic Monitor, Senior Citizens Levy, Felony Delinquent Care and Custody, Victim of Criminals, Sheriff Commissary, Sheriff Levy, Motor Vehicle and Gasoline Tax, Law Library Resources, Concealed Weapon, and 911 Special Revenue Funds. For additional information related to the net pension liability see Note 13.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Long-Term Contracts Payable

An agreement between the State of Ohio, Department of Transportation (ODOT), and the Muskingum County Transportation Improvement District (District) was entered into on December 23, 1998. The agreement is for financing the construction of Northpointe Drive Extension located between the City of Zanesville and the Village of Dresden which is reported as part of the County's infrastructure.

The terms call for a loan to be made from the State to the Transportation Improvement District in the amount of \$11,060,000, plus the refinancing of projected accumulated interest in the amount of \$404,129, to be repaid over 20 years, which coincide with the terms of a cooperative agreement between Muskingum County, the District, and ODOT. The County, pursuant to the cooperative agreement, will make use payments to the Transportation Improvement District in an amount equal to the debt requirements. The County has pledged non-tax revenues for the purpose of making the required use payments. The County is accumulating revenues from a tax increment financing agreement to meet a portion of the required use payments.

As collateral for the loan, the State Infrastructure Bank has received an assignment of all use payments from the County and an assignment of tax increment financing from the Longaberger Company. The District received the total authorized amount of \$11,464,129 from the loan.

Based upon the cooperative agreement related to this exchange transaction, the County's financial statements reflect a long-term contract payable in the amount of \$2,014,582 at December 31, 2017. The long-term contracts payable amount reported in the County's financial statements is also reflected on the Transportation Improvement District's financial statements as a loan payable to the State Infrastructure Bank. The County has pledged non-tax revenues for the purpose of making the required use payments from the public works program. The County is also reporting the improvement as part of their infrastructure.

Capital Leases

The County has entered into capital leases for copiers, postage machines, vehicles, and road equipment. These leases will be repaid through the General Fund and the Public Assistance, Child Support Enforcement Agency, and Motor Vehicle and Gasoline Tax Special Revenue Funds.

Business-Type Activities

General Obligation Bonds

On September 24, 2009, the County issued \$2,135,000 in various interest rate Various Purpose Improvement Serial Bonds. The proceeds of these bonds retired bond anticipation notes that were used to acquire capacity for the treatment of sanitary sewage and construct a waterline and sanitary sewer improvements to Eastpointe Industrial Park. The bonds were sold at a premium of \$6,954 that will be amortized over the life of the bonds using the straight-line method. These bonds are backed by the full faith and credit of the County and will be repaid from Sewer and Water Enterprise Funds' revenues. The bonds were issued for a twenty year period with final maturity in 2029.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

On June 3, 2009, the County issued \$1,105,000 of County Facilities Improvement General Obligation Refunding serial and term bonds that were used to refund the 1999 East Muskingum Sewer General Obligation Refunding Bonds. The general obligation refunding bonds were sold at a premium of \$3,513 that will be amortized over the term of the bonds. The refunding resulted in advance refunding of the 1999 bonds. \$1,087,513, (after premium, underwriting fees, and other issuance costs) were deposited into an irrevocable trust to provide for all future debt service payments on the refunded bonds. On December 1, 2009, the 1999 refunded general obligation bonds were called and paid in full and the escrow account was closed. As a result of the total refunding, \$1,045,000 of the refunded bonds is considered defeased and the liability is removed from the statement of net position. The refunding resulted in a difference between the net carrying amount of the debt and the acquisition price in the amount of \$91,330. This difference, reported in the accompanying financial statements as a deferred amount on refunding, is being amortized to interest expense through the year 2027. The amount amortized for 2017 is \$4,807 leaving an unamortized balance of \$48,070. The bonds are backed by the full faith and credit of the County and will be repaid from Sewer Enterprise Fund revenues. The bonds were issued for an eighteen year period with final maturity in 2027.

On July 10, 2012, the County issued \$940,000 of Various Purpose General Obligation Refunding Serial Bonds that were used to refund the 2002 Various Purpose Serial and Term Bonds. The general obligation refunding bonds were sold at a premium of \$41,018 that will be amortized over the term of the bonds. The refunding resulted in an advance refunding of the 2002 Sewer Improvement Serial and Term Bonds in the amount of \$995,000. \$1,027,644, (after premium, underwriting fees, and other issuance costs) was deposited into an irrevocable trust to provide for all future debt service payments on the refunded 2002 bonds. On December 3, 2012, the 2002 refunded general obligation bonds were called and paid in full and the escrow account was closed. As a result of the total refunding, \$995,000 of the refunded bonds is considered defeased and the liability is removed from the statement of net position. The refunding resulted in a difference between the net carrying amount of the debt and the reacquisition price in the amount of \$32,644. This difference, reported in the accompanying financial statements as a deferred amount on refunding, is being amortized to interest expense through the year 2022. The amount amortized for 2017 is \$3,264 leaving an unamortized balance of \$16,324. The bonds are backed by the full faith and credit of the County and are being retired with Sewer Enterprise Fund revenues. The bonds were issued for a ten year period with final maturity in 2022.

On November 13, 2013, the County issued \$6,498,400 of Various Purpose Capital Facilities Refunding Serial and Term Bonds that were used to current refund the 2003 Capital Facilities Refunding Serial and Term Bonds. The 2003 refunded bonds were originally issued for a 27 year period and were called on December 1, 2013. The refunding bonds were sold at a premium of \$142,638 that will be amortized over the term of the bonds. As a result of the refunding, \$6,533,000 of the refunded bonds is considered defeased and the liability is removed from the statement of net position. The refunding resulted in a difference between the net carrying amount of the refunded debt and the reacquisition price in the amount of \$9,792. This difference, together with the unamortized balance of the 2003 refunded difference, in the total amount of \$448,715, is reported in the accompanying financial statements as a deferred amount on refunding and is being amortized to interest expense through the year 2028. The amount amortized for 2017 is \$35,170 leaving an unamortized balance in the amount of \$283,363. The bonds are backed by the full faith and credit of the County and are being retired with Sewer and Water Enterprise Funds' revenues. The bonds were issued for a fifteen year period with final maturity in 2028.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

On March 30, 2016, the County issued \$4,725,000 of Various Purpose General Obligation Refunding Serial Bonds that were used to refund the 2006 Various Purpose Serial and Term Bonds. The 2006 refunded bonds were originally issued for a twenty year period. The general obligation bonds were sold at a premium of \$450,496 that will be amortized over the term of the bonds. The refunding resulted in an advance refunding of the 2006 Various Purpose Serial and Term Bonds. \$5,084,544, (after premium, underwriting fees, and other issuance costs) was deposited into an irrevocable trust to provide for all future debt service payments on the refunded 2006 bonds. On December 1, 2016, the 2006 refunded general obligation bonds were called and paid in full and the escrow account was closed. As a result of the total refunding, \$4,890,000 of the refunded bonds is considered defeased and the liability is removed from the statement of net position. The refunding resulted in a difference between the net carrying amount of the debt and the acquisition price in the amount of \$190,067. This difference, reported in the accompanying financial statements as a deferred amount on refunding, is being amortized to interest expense through the year 2026. The amount amortized for 2017 is \$17,279 leaving an unamortized balance of \$155,509. The bonds are backed by the full faith and credit of the County and are being retired with Sewer Enterprise Fund revenues. The bonds were issued for a ten year period with final maturity in 2026.

Annual debt service requirements to maturity for general obligation bonds are as follows:

Year Ending December 31,	Principal	Interest	Total
2018	\$1,211,700	\$348,807	\$1,560,507
2019	1,216,800	313,597	1,530,397
2020	1,261,800	287,698	1,549,498
2021	1,296,900	257,921	1,554,821
2022	1,331,900	225,798	1,557,698
2023-2027	4,648,300	517,553	5,165,853
2028-2029	380,600	22,732	403,332
Total	<u>\$11,348,000</u>	<u>\$1,974,106</u>	<u>\$13,322,106</u>

Mandatory Redemptions for Business-Type General Obligation Bonds

The 2009 refunding bond issue consisted of serial and term bonds. Business-type general obligation bonds in the amount of \$275,000 mature in the year 2023 and \$250,000 mature in the year 2027. The term bonds maturing in 2023 are subject to mandatory sinking fund redemption in part by lot on December 1 in each of the years 2020 through 2022 (with the balance of \$75,000 to be paid at stated maturity on December 1, 2023) at a redemption price equal to 100 percent of the principal amount redeemed, plus accrued interest to the redemption date, as follows:

Year	Amount
2020	\$60,000
2021	65,000
2022	75,000
	<u>\$200,000</u>

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

The term bonds maturing in 2027 are subject to mandatory sinking fund redemption in part by lot on December 1 in each of the years 2024 through 2026 (with the balance of \$15,000 to be paid at stated maturity on December 1, 2027) at a redemption price equal to 100 percent of the principal amount redeemed, plus accrued interest to the redemption date, as follows:

<u>Year</u>	<u>Amount</u>
2024	\$75,000
2025	80,000
2026	80,000
	<u>\$235,000</u>

The 2013 capital facilities refunding bond issue consisted of serial and term bonds. Business-Type activities general obligation term bonds in the amount of \$266,800 mature in the year 2028. These bonds are subject to mandatory sinking fund redemption (with the balance of \$87,320 to be paid at maturity on December 1, 2028) at a redemption price equal to 100 percent of the principal amount redeemed on December 1 in the years and amounts as follows:

<u>Year</u>	<u>Amount</u>
2026	\$92,160
2027	87,320
	<u>\$179,480</u>

Optional Redemptions

The series 2009 improvement bonds maturing on or after December 1, 2020 are subject to prior redemption on or after December 1, 2019 by and at the sole option of the County, either in whole or in part on any date, in integral multiples of \$5,000, at a redemption price equal to 100 percent of the principal amount redeemed, plus accrued interest to the redemption date.

The series 2009 refunding bonds maturing on or after December 1, 2020 are subject to prior redemption on or after December 1, 2019 by and at the sole option of the County, either in whole or in part on any date, in integral multiples of \$5,000, at a redemption price equal to 100 percent of the principal amount redeemed, plus accrued interest to the redemption date.

The 2013 refunding bonds maturing on or after December 1, 2024 are subject to prior redemption on or after December 1, 2023 by and at the sole option of the County, either in whole or in part, on any date, in integral multiples of \$5,000, at a redemption price equal to 100 percent of the principal amount redeemed, plus interest accrued to the redemption date.

Ohio Water Development Authority (OWDA) Loans - Sewer Enterprise Fund

The County has pledged future sewer customer revenues, net of specified operating expenses, to repay \$11,516,384 (original issue amount) in sewer system OWDA loans issued between 2008 and 2017. Proceeds from these loans provided financing for various sewer projects. The loans are payable solely from sewer customer net revenues and are payable through 2039. Annual principal and interest payments on the loans as compared to net future revenues are not estimable but are expected to be less than net revenues in each year the loans are outstanding. The total principal and interest remaining to be paid on the loans is \$8,969,479. Principal and interest paid for the current year and total customer net revenues were \$446,289 and \$2,049,461, respectively.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Ohio Water Development Authority (OWDA) Loans - Water Enterprise Fund

The County has pledged future water customer revenues, net of specified operating expenses, to repay \$10,616,302 (original issue amount) in water system OWDA loans issued between 2002 and 2015. Proceeds from these loans provided financing for various water projects. The loans are payable solely from water customer net revenues and are payable through 2044. Annual principal and interest payments on the loans as compared to net future revenues are not estimable but are expected to be less than net revenues in each year the loans are outstanding. The total principal and interest remaining to be paid on the loans is \$7,248,093. Principal and interest paid for the current year and total customer net revenues were \$686,889 and \$2,074,904, respectively.

The OWDA loan amortization schedules for the Avondale sewer project, the South Avenue lift station, the State Route 555 waterline extension, and the Ruraldale Water Main extension will not be available until the entire amount of the loans have been drawn down or the projects are complete. Annual debt service requirements to maturity for the remaining OWDA loans are as follows:

Year Ending December 31,	Principal	Interest	Total
2018	\$562,454	\$300,202	\$862,656
2019	573,762	289,203	862,965
2020	585,433	277,853	863,286
2021	597,478	266,143	863,621
2022	609,912	254,058	863,970
2023-2027	3,216,984	1,075,032	4,292,016
2028-2032	2,954,715	729,218	3,683,933
2033-2037	2,202,685	370,633	2,573,318
2038-2042	1,210,704	60,411	1,271,115
2043-2044	79,105	1,587	80,692
Total	\$12,593,232	\$3,624,340	\$16,217,572

Ohio Public Works Commission (OPWC) Loan

During 2015, the County entered into a contractual agreement for a construction loan from OPWC. Under the term of this agreement, OPWC will reimburse, advance, or directly pay the construction costs of the Avondale Sewer project. OPWC will capitalize administrative costs and construction interest and add them to the total amount of the final loan. As of December 31, 2017, the Sewer Enterprise Fund received the entire amount of total approved interest free loan of \$906,741. This loan will be repaid from revenues from the Sewer Enterprise Fund. Principal requirements to maturity are as follows:

Year Ending December 31,	Principal
2018	\$15,112
2019	30,225
2020	30,225
2021	30,225
2022	30,225
2023-2027	151,124
2028-2032	151,124
2033-2037	151,124
2038-2042	151,124
2043-2047	136,008
Total	\$876,516

Muskingum County, Ohio

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

Compensated Absences

The County will pay compensated absences from the Sewer and Water Enterprise Funds.

Net Pension Liability

There is no repayment schedule for the net pension liability. However, employer pension contributions are made from Sewer and Water Enterprise Funds. See Note 13 for additional information relating to the net pension liability.

Conduit Debt, Legal Debt Margin and Bond Insurance

Pursuant to State Statute, various industrial revenue bonds have been entered into for private industry within the County. The proceeds of the industrial revenue bonds are used by the various private industries for new construction or improvements. The bonds are to be repaid by the recipients of the proceeds and do not represent an obligation of the County. As of December 31, 2017, \$295,000,000 of industrial revenue bonds have been entered into, and \$288,025,000 remained outstanding.

The County's overall legal debt margin at December 31, 2017 was \$39,876,274.

NOTE 19 - INTERFUND TRANSACTIONS

Interfund balances at December 31, 2017, consist of the following individual fund receivables and payables:

<u>Interfund Payable</u>	Interfund Receivable						Total
	Major Funds						
	General	Public Assistance	Children Services Levy	Sewer	Water	Other Nonmajor Governmental	
Major Funds:							
General	\$0	\$0	\$5,543	\$1,692	\$1,030	\$0	\$8,265
Public Assistance	56,876	0	0	0	0	0	56,876
Children Services Levy	3,840	0	0	1,358	0	0	5,198
Sewer	163,702	0	0	0	59,328	0	223,030
Water	494,789	0	0	0	0	0	494,789
Other Nonmajor Governmental	735,021	48,678	0	0	609	16,887	801,195
Total All Funds	\$1,454,228	\$48,678	\$5,543	\$3,050	\$60,967	\$16,887	\$1,589,353

The above interfund receivables/payables are due to time lags between the dates interfund goods and services are provided, transactions recorded in the accounting system, and payments between funds were made. All amounts are expected to be repaid within one year.

On December 1, 2012, the County issued a bond anticipation note for a five year period at a rate of 2.5 percent. The County purchased this note. The County identified the Sewer Enterprise Fund as the fund that received the proceeds and the Starlight School Levy Special Revenue Fund as the fund that loaned the money. The final principal and interest payment made on this note during 2017 was \$4,480,000 and \$112,000, respectively.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

On December 1, 2017, the County issued a bond anticipation note for a five year period at a rate of 2.5 percent. The County purchased this note. The County has identified the Sewer Enterprise Fund as the fund that received the proceeds and the Starlight School Levy Special Revenue Fund as the fund that loaned the money. For reporting purposes, these transactions are reflected as an interfund receivable and an interfund payable in the respective funds. The following interfund transactions will be repaid over the next five years and is pledged to be repaid from the Sewer Enterprise Fund's future sewer customer revenues net of specified operating expenses:

Interfund Payable	Interfund Receivable
Major Fund:	Major Fund
Sewer	Starlight School Levy
	\$4,315,200

Principal and interest requirements to maturity on this bond anticipation note are as follows:

Year Ending December 31,	Principal	Interest	Total
2018	\$168,900	\$107,880	\$276,780
2019	173,200	103,657	276,857
2020	177,500	99,328	276,828
2021	181,900	94,890	276,790
2022	3,613,700	815,195	4,428,895
	\$4,315,200	\$1,220,950	\$5,536,150

Interfund transfers during 2017 consisted of the following:

Transfer from	Transfer to				Totals
	Major Funds			Other Nonmajor	
	Public Assistance	Sewer	Water		
Major Funds:					
General Fund	\$239,042	\$6,878	\$6,878	\$2,843,622	\$3,096,420
Starlight School Levy	0	0	0	200,000	200,000
Water	0	0	0	970	970
Other Nonmajor					
Governmental	0	0	0	765,223	765,223
Total All Funds	\$239,042	\$6,878	\$6,878	\$3,809,815	\$4,062,613

Transfers were used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them; to move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and to use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

NOTE 20 - JOINTLY GOVERNED ORGANIZATIONS

SouthEastern Ohio Joint Solid Waste Management District

The County is a member of the SouthEastern Ohio Joint Solid Waste Management District (District), which is a jointly governed organization involving Muskingum, Guernsey, Monroe, Morgan, Noble, and Washington counties. The District provides for management strategies and local government funding on behalf of the participating counties regarding contractual arrangements with private solid waste disposal facilities, which would assure continued access to adequate disposal capacity for the District. The District was created in 1989 as required by the Ohio Revised Code.

The District is governed and operated through three groups. An eighteen member board of directors, comprised of three commissioners from each county, is responsible for the District's financial matters. Financial records were maintained by Muskingum County until May 1993 at which time Noble County assumed the responsibility. The Board exercises total control over the operations of the District including budgeting, appropriating, contracting, and designating management. Each participant's degree of control is limited to its representation on the Board. A forty-three member policy committee, comprised of seven members from each county and one at-large member appointed by the policy committee, is responsible for preparing the solid waste management plan of the District in conjunction with a Technical Advisory Council whose members are appointed by the policy committee. The District's sole revenue source is a waste disposal fee for in-district and out-of-district waste. No contributions were received from the County during 2017. Financial information can be obtained from Robert Reiter, District Coordinator, 46049 Marietta Road, Suite 6, Caldwell, Ohio 43724.

Mental Health and Recovery Services Board

The Mental Health and Recovery Services Board (Board) is a jointly governed organization whose participants are Muskingum, Coshocton, Guernsey, Perry, Morgan, and Noble Counties. The Board has the responsibility for development, coordinated continuation and ongoing modernization, funding, monitoring, and evaluation of community-based mental health and substance abuse programming. The Board consists of fourteen members appointed by either the participating county commissioners or the Ohio Department of Mental Health and Addiction Services. Members are residents of the Board's six-county area. The Board exercises total control over the operations including budgeting, appropriating, contracting, and designating management. Each participant's degree of control is limited to its representation on the Board.

During 2017, Muskingum County contributed \$1,204,617 in tax levy revenue money through a 1.0 mill levy. The remaining revenues are provided by levies from other member counties, and state and federal grants awarded to the multi-county board. Since Muskingum County serves as the fiscal agent for the Board, the financial activity, other than the property tax levy revenue, is presented in an agency fund. Financial information can be obtained from The Muskingum Area Mental Health and Recovery Services Board, 1205 Newark Road, Zanesville, Ohio 43701.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Mid East Ohio Regional Council of Governments (MEORC)

The Mid East Ohio Regional Council of Governments (MEORC) is a jointly governed organization which serves eighteen counties in Ohio. MEORC provides services to the developmentally disabled residents in the participating counties. MEORC is governed by a Council made up of the superintendents of each county's Board of Developmental Disabilities. Revenues are generated by fees and state grants. MEORC has no outstanding debt. The Board exercises total control over the operations of the MEORC including budgeting, contracting, appropriating, and designating management. Each participant's degree of control is limited to its representation on the Board. During 2017, the County contributed \$267,401 to MEORC. The County reports cash with fiscal agent in the amount of \$2,562,827 for monies held by the organization. To obtain financial information, write to the Mid East Ohio Regional Council, Cathy Henthorn, who serves as Director of Financial Operations, 1 Avalon Road, Mt. Vernon, Ohio 43050.

South East Area Transit Authority (SEAT)

The South East Area Transit Authority (SEAT) was created pursuant to State statutes in 1979 for the purpose of providing transportation in the City of Zanesville, Muskingum County, City of Cambridge, and Guernsey County. The SEAT's Board of Trustees consists of eleven members that serve overlapping three-year terms. Six members are appointed by the Mayor of Zanesville with the consent of City Council, two members are appointed by the Muskingum County Commissioners, and the remaining three members are appointed by the Guernsey County Commissioners, the Mayor of Cambridge, and the Mayor of South Zanesville. The Board exercises total control over the operations of SEAT including budgeting, appropriating, contracting, and designating management. Each participant's degree of control is limited to its representation on the Board. During 2017, the County contributed \$10,000 to SEAT. The SEAT has no outstanding debt. The SEAT is a related organization of the City of Zanesville. Complete financial information can be obtained from the South East Area Transit Authority, 375 Fairbanks Street, Zanesville, Ohio 43701.

Muskingum Families & Children First Council

The Muskingum Families & Children First Council is a jointly governed organization created under Ohio Revised Code Section 121.37. Permanent members of the Council are those individuals, public officials, and organizations that are mandated per Ohio Revised Code Section 121.37. The Council may include additional permanent or temporary members from any local public or private agency or group that funds, advocates, or provides services to children. The Council is comprised of the following members: Director of the Zanesville-Muskingum County General Health District, Superintendent of the Zanesville City School District, Superintendent of the Muskingum Valley Educational Service Center, Superintendent of the Muskingum County Board of Developmental Disabilities, Director of the ADAMH Board, Director of the Muskingum County Department of Job and Family Services, Director of the Muskingum County Children Services Board, Superintendent of Muskingum Starlight Industries, Inc., a United Way representative, an Eastside Community Services representative, a Zanesville Civic League representative, a Behavioral Health representative, a county commissioner, representatives from the public sector, and a representative from a local hospital. The Board exercises total control over the operations of the Council including budgeting, appropriating, contracting, and designating management. Each participant's degree of control is limited to its representation on the Board. The Zanesville-Muskingum County Health Department serves as the fiscal and administrative agent for the Council. During 2017, the County contributed \$10,000 to the Council. Financial information may be obtained from the Muskingum Families & Children First Council, 333 Putnam Avenue, Zanesville, Ohio 43701.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Area Agency on Aging

The Area Agency on Aging is a regional council of governments that assists nine counties, including Muskingum County, in providing services to senior citizens in the Council's service area. The Area Agency on Aging is governed by a board of directors comprised of one representative appointed by each participating county. The Area Agency on Aging receives Title III monies to be used for programs within the member counties. The Board exercises total control over the operations of the Agency including budgeting, appropriating, contracting, and designating management. Each participant's degree of control is limited to its representation on the Board. The Area Agency on Aging has no outstanding debt. During 2017, the County contracted with the Area Agency on Aging to provide senior citizens services. A local not-for-profit corporation (The Muskingum County Senior Citizens Center) provided the senior citizens services pursuant to the County's contract. Financial information can be obtained from the Area Agency on Aging, Region 9, 1730 Southgate Parkway, Cambridge, Ohio 43725.

Ohio Mid-Eastern Governments Association (OMEGA)

The Ohio Mid-Eastern Governments Association (OMEGA) is a ten-county regional council of governments comprised of Muskingum, Belmont, Carroll, Coshocton, Columbiana, Guernsey, Harrison, Holmes, Jefferson, and Tuscarawas Counties. OMEGA was formed to aid and assist the participating counties in the application for Appalachian Regional Commission and Economic Development grant monies. OMEGA is governed by a twenty-one member executive board comprised of members appointed from each participating county and cities within each county. City membership is voluntary. A county commissioner from each county currently appoints one member to the board of directors. The Board exercises total control over the operations of OMEGA including budgeting, appropriating, contracting, and designating management. Each participant's degree of control is limited to its representation on the Board. Each member currently pays a nine cent per capita membership fee based upon the most recent U.S. census. During 2017, OMEGA received \$9,088 from Muskingum County. Financial information can be obtained from OMEGA, 326 Highland Avenue, Suite B, Cambridge, Ohio 43725.

Zanesville-Muskingum County Port Authority

The Zanesville-Muskingum County Port Authority (Authority) is a jointly governed organization under the laws of the State of Ohio. The Authority is governed by a five member board of directors. The board is comprised of two members appointed by Muskingum County, two members appointed by the City of Zanesville, and one member appointed jointly by the County and the City. The Board exercises total control over the operations of the Authority including budgeting, appropriating, contracting, and designating management. Each participant's degree of control is limited to its representation on the Board. The Authority's primary function is to promote economic growth and development in the County. The Authority derives its revenues from rental income, interest income, and annual contributions from the County and the City. Financial information may be obtained from the Zanesville-Muskingum County Port Authority, 205 North Fifth Street, Zanesville, Ohio 43701.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Perry Multi-County Juvenile Facility

The Perry Multi-County Juvenile Facility (Facility) is a jointly governed organization created to rehabilitate juvenile offenders in lieu of commitment to the Ohio Department of Youth Services. The Facility has an eight member governing board that consists of one juvenile court judge, or designee, from the counties of Muskingum, Coshocton, Delaware, Fairfield, Knox, Licking, Morgan, and Perry. The Facility also has an executive committee that handles the daily operations of the Facility and reports to the governing board. The executive committee is composed of the officers of the governing board. The Board exercises total control over the operations of the Facility including budgeting, appropriating, contracting, and designating management. Each participant's degree of control is limited to its representation on the Board. The Facility's revenues will consist of an annual grant applied for by the Director of the Facility and charges for services from the participating counties. During 2017, the County made no contributions to the Facility for the housing of juvenile offenders. Financial information can be obtained from the Perry Multi-County Juvenile Facility, 1625 Commerce Drive, New Lexington, Ohio 43764.

Muskingum County Center for Seniors

The Muskingum County Center for Seniors (Center) is a jointly governed organization which operates as a not-for-profit organization created under 501(c)(3) of the Internal Revenue Code. The Center provides various services to seniors, including transportation services, nutritional and physical fitness information and instruction, meals, and legal counseling. The Center is governed by an eleven member board consisting of five members appointed by the Muskingum County Board of County Commissioners, five members appointed by the Mayor of the City of Zanesville, and one member appointed by the above appointed ten members. The Board exercises total control over the operations of the Center including budgeting, appropriating, contracting, and designating management. Each participant's degree of control is limited to its representation on the Board. The Center was the recipient of support from the Muskingum County Senior Services Levy. During 2017, Muskingum County contributed \$715,056 in tax levy revenue. Additional revenue is provided through contracts with the Area Agency on Aging. Financial information can be obtained from the Muskingum County Center for Seniors, 160 North Fourth Street, Zanesville, Ohio 43701.

NOTE 21 - RELATED ORGANIZATIONS

Muskingum County Convention Facilities Authority

The Muskingum County Convention Facilities Authority (Authority) was created pursuant to State statutes for the purpose of acquiring, constructing, equipping, and operating a convention facility in Muskingum County. The Authority operates under the direction of an eleven member appointed board of directors. The board consists of six members appointed by Muskingum County, three members appointed by the Mayor of the City of Zanesville and two members appointed by the remaining municipal corporations located within the County. The Authority receives funding in the form of excise tax on hotels and motels in the amount of four percent of each transaction occurring within the boundaries of Muskingum County. The County is prohibited from contributing to the operations of the Authority by State Law. During 2017, the Authority received \$521,397 from excise taxes and rental income. The Authority has no outstanding debt. Financial information can be obtained from the Muskingum County Convention Facilities Authority, 205 North Fifth Street, Zanesville, Ohio 43701.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Zanesville Metropolitan Housing Authority

The Zanesville Metropolitan Housing Authority (Authority) was created in 1938, and currently operates pursuant to Ohio Revised Code Section 3735.27. The Authority is governed by a five member board. Muskingum County appoints three members and the City of Zanesville appoints two members. The board adopts their own appropriations, is their own contracting authority, hires and fires their own staff, authorizes all expenditures, and does not rely on the County or the City to finance deficits. The Authority receives funding from the federal government in the form of grants. All monies are received directly by the Authority in the Authority's name. The Authority has no outstanding debt. Financial information can be obtained from the Zanesville Metropolitan Housing Authority, 407 Pershing Road, Zanesville, Ohio 43701.

Muskingum Valley Park District

The Muskingum Valley Park District was created pursuant to the laws of the State of Ohio. The Park District is a legally separate entity which is governed by a five member board appointed by the probate court judge. The Park District Board may adopt budgets, hire and fire employees, and issue revenue debt without the approval of the County. The Park District received local government monies during 2017. The County serves as fiscal agent for the Park District and the activity is reflected in the Park District Agency Fund. Financial information can be obtained from Muskingum Valley Park District, 1720 Euclid Avenue, Zanesville, Ohio 43701.

Muskingum County Library System

The Muskingum County Library System (the Library), was organized as a county district library in 1988 under the laws of the State of Ohio. The Library has its own Board of Trustees of seven members who are appointed by the Muskingum County Commissioners and the Muskingum County Common Pleas Court. Appointments are for seven year terms and members serve without compensation. Under Ohio statutes, the Library is a body corporate and politic capable of being sued, contracting, acquiring, holding, possessing, and disposing of real property, and of exercising the rights and privileges conveyed to it by the constitution and laws of Ohio. The Library also determines and operates under its own budget. Control and management of the Library is governed by Sections 3375.33 to 3375.39 of the Ohio Revised Code with administration of the day-to-day operations of the Library being the responsibility of the Director and the financial accountability being solely that of the Fiscal Officer. The Library provides the community with various educational and literary resources. Financial information can be obtained from the Muskingum County Library System, 220 North Fifth Street, Zanesville, Ohio 43701.

NOTE 22 - PUBLIC ENTITY POOLS

County Risk Sharing Authority, Inc.

The County Risk Sharing Authority, Inc. (CORSA) is a public entity shared risk pool among sixty-five counties and thirty-three county facilities in Ohio. CORSA was formed as an Ohio non-profit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverages provided by CORSA. These coverages include comprehensive general liability, automobile liability, certain property insurance, and public officials' errors and omissions liability insurance.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Each member county has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of the Corporation are managed by an elected board of not more than nine trustees. Only county commissioners of member counties are eligible to serve on the board. No county may have more than one representative on the board at any time. Each member county's control over the budgeting and financing of CORSA is limited to its voting authority and any representation it may have on the board of trustees.

CORSA has entered into certificates of participation in order to provide adequate cash reserves. The certificates are secured by the member counties' obligations to make coverage payments to CORSA. The participating counties have no responsibility for the payment of the certificates. The County does not have an equity interest in or a financial responsibility for CORSA. Any additional premium or contribution amounts and estimates of losses are not reasonably determinable. The County's payment for insurance to CORSA in 2017 was \$355,288. Requests for financial information should be directed to David Brooks, CORSA Managing Director, County Risk Sharing Authority, Inc., 209 East State Street, Columbus, Ohio, 43215.

County Commissioners Association of Ohio Workers' Compensation Group Retrospective Rating Program

The County Commissioners Association of Ohio (CCAO) Workers' Compensation Group Retrospective Rating Program (Program) is a shared risk pool among thirty counties in Ohio. Section 4123.29, Ohio Revised Code, permits the establishment of employer group retrospective rating plans for workers' compensation rating purposes. The Program is governed by the CCAO Group Executive Committee that consists of eleven members as follows: the president and the secretary/treasurer of County Commissioners' Association of Ohio Service Corporation and nine representatives elected from the participating counties.

CCAO, a Bureau of Workers' Compensation (BWC)-certified sponsor, established the Program based upon guidelines set forth by BWC. CCAO created a group of counties that will practice effective workplace safety and claims management to achieve lower premiums for workers' compensation coverage than they would individually. The participating counties continue to pay their own premiums and have the opportunity to receive retrospective premium adjustments based upon the combined performance of the group. Depending upon that performance, the participating counties can receive either a premium refund or assessment. CCAO, with approval of the Group Executive Committee, retains the services of a third party administrator (TPA) that will assist CCAO staff in the day-to-day management of the plan, prepare and file necessary reports with the Ohio Bureau of Workers' Compensation and member counties, assist with loss control programs, and other duties, (excluding claims related matters, which will be the responsibility of each individual participating county). The cost of the TPA will be paid by each participating county to CCAO in proportion to its payroll to the total payroll of the group.

The County's premium payments to BWC were \$441,165 and the payment to the Program for administrative fees was \$7,695.

NOTE 23 - RELATED PARTY TRANSACTIONS

The Transportation Improvement District (District), a discretely presented component unit of Muskingum County, currently shares office space with the Zanesville-Muskingum County Port Authority in the Welcome Center, located at 205 North Fifth Street, Zanesville, Ohio 43701. In addition, the County contributed \$100,000 in promotional and operational expenses during 2017 to the Port Authority.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

NOTE 24 - FUND BALANCES

Fund balance is classified as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balances for the major governmental funds and all other governmental funds are presented below:

Fund Balances	General	Public Assistance	Starlight School Levy	Children Services Levy	Other Governmental Funds	Total
Nonspendable:						
Inventory	\$152,310	\$10,123	\$23,389	\$12,807	\$563,791	\$762,420
Prepays	397,607	74,633	78,239	55,696	165,550	771,725
Unclaimed Monies	50,478	0	0	0	0	50,478
Total Nonspendable	600,395	84,756	101,628	68,503	729,341	1,584,623
Restricted to:						
Court Corrections	0	0	0	0	2,486,550	2,486,550
Roads and Bridges	0	0	0	0	1,197,232	1,197,232
Court Guardianship	0	0	0	0	3,619	3,619
Public Assistance	0	184,204	0	0	0	184,204
Human Services	0	0	0	0	232,774	232,774
Senior Citizens	0	0	0	0	420,608	420,608
Sheriff and Jail Safety Purposes	0	0	0	0	1,207,246	1,207,246
Developmental Disabilities	0	0	22,719,329	0	0	22,719,329

Tuberculosis Treatment	0	0	0	0	1,451,471	1,451,471
Children Services	0	0	0	4,646,035	139,135	4,785,170
Debt Service	0	0	0	0	531,147	531,147
Capital Outlay	0	0	0	0	704,214	704,214
Real Estate Assessment/ and Delinquent Tax Collection	0	0	0	0	2,628,200	2,628,200
Other Purposes	0	0	0	0	779,068	779,068
Total Restricted	0	184,204	22,719,329	4,646,035	11,829,928	39,379,496
Committed to:						
Unpaid Obligations	197,590	0	0	0	0	197,590
Assigned to:						
Purchases on Order Subsequent Years'	265,844	0	0	0	0	265,844
Appropriations	7,446,747	0	0	0	0	7,446,747
Total Assigned	7,712,591	0	0	0	0	7,712,591
Unassigned (Deficit)	11,761,596	0	0	0	(505,854)	11,255,742
Total Fund Balances	\$20,272,172	\$268,960	\$22,820,957	\$4,714,538	\$12,053,415	\$60,130,042

In addition to the above fund balance constraints, the County has a General Fund budget stabilization arrangement that does not meet the criteria to be classified as restricted or committed. Pursuant to Ohio Revised Code Section 5705.13, the County established a budget stabilization fund by resolution to provide options to respond to unexpected issues and afford a buffer against shocks and other forms of risk such as revenue volatility, unexpected infrastructure failure, or disaster situations. Expenditures of a recurring nature are not addressed through the use of this arrangement. The County Commissioners authorized the funding of this arrangement as resources become available in the General Fund. The fund balance should not exceed 30 percent of the General Fund average revenues. The balance in the reserve at December 31, 2017, is \$6,000,000.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

NOTE 25 - FOOD STAMPS

The County's Department of Job and Family Services (Welfare) distributes, through contracting issuance centers, federal food stamps to entitled recipients within Muskingum County. The receipt and issuance of the stamps have the characteristics of a federal grant. However, the Department of Job and Family Services merely acts in an intermediary capacity. Therefore, the inventory value of these stamps is not reflected in the accompanying financial statements, as the only economic interest related to these stamps rests with the ultimate recipient.

NOTE 26 - CONTINGENT LIABILITIES

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Based on prior experience, the county commissioners believe such disallowances, if any, will be immaterial.

Claims and lawsuits are pending against the County. Based upon information provided by the County's legal counsel, any potential liability and effect on the financial statements, if any, is not determinable at this time.

NOTE 27 - TRANSPORTATION IMPROVEMENT DISTRICT

A. Reporting Entity

The Transportation Improvement District, Muskingum County (District), is a body politic and corporate, created for the purpose of financing, constructing, maintaining, repairing, and operating selected transportation projects. The District was specifically formed under the auspices of House Bill 154, and Ohio Revised Code Chapter 5540, as amended, and created by action of the Board of County Commissioners of Muskingum County on November 20, 1995.

The District is governed by a Board of Directors that acts as the authoritative and legislative body of the entity. The Board is comprised of seven members, with five members appointed by a majority vote of the Board of Commissioners of Muskingum County. The Board of Directors also includes one (1) ex-officio member appointed by the President of the Ohio Senate and one (1) ex-officio member appointed by the Speaker of the Ohio House of Representatives.

The Board of Directors appoints a Chairman, who presides at all meetings and is the chief officer of the District. He has the authority to sign all contracts, releases, notes, bonds, and other instruments and documents to be executed on behalf of the District. He is the chief officer of the District for the purpose of civil process and is authorized to accept such services on behalf of the District. He performs such other duties and has such authority as may be provided from time to time by the Board.

The District is a discretely presented component unit in Muskingum County's Comprehensive Annual Financial Report, as defined by the provisions of GASB Statement No. 14, No. 39, and No. 61. Also, the Zanesville-Muskingum County Port Authority serves as the Administrative Agent for the District. The District's management believes these financial statements represent all activities for which the District is financially accountable.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

B. Summary of Significant Accounting Policies

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

Basis of Presentation

The District's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements The Statement of Net Position and the Statement of Activities display information about the District as a whole. These statements include the financial activities of the primary government.

The Statement of Net Position presents the financial condition of the governmental activities of the District at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function.

Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain limitations. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the District.

Fund Financial Statements During the year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds would be aggregated and presented in a single column; however, the District did not have any nonmajor funds in 2017 since all funds were considered as major.

Fund Accounting

The District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There is one category of funds: Governmental.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources, and liabilities and deferred inflows of resources, is reported as fund balance.

The following are the District's major governmental funds:

General Fund The General Fund accounts for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Debt Service Fund The Debt Service Fund is used to account for the accumulation of financial resources for, and the payment of, general long-term debt principal, interest, and related costs.

Bethesda Drive Capital Projects Fund The Bethesda Drive Capital Projects Fund is used to account for grant monies restricted for the upgrade and/or construction of Bethesda Drive.

Measurement Focus

Governmental-wide Financial Statements The government-wide financial statements are prepared using a *flow of economic resources* measurement focus. All assets and deferred outflows of resources, and all liabilities and deferred inflows of resources, associated with the operation of the District are included on the Statement of Net Position. The Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Fund Financial Statements All governmental funds are accounted for using a *flow of current financial resources* measurement focus. With this measurement focus, only current assets and deferred outflows of resources, and current liabilities and deferred inflows of resources, generally are included on the balance sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental Funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, in the recording of deferred outflows/inflows of resources, and in the presentation of expenses versus expenditures.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Revenues - Exchange and Nonexchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of the fiscal year-end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include grants, entitlements, and donations. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: grants and entitlements.

Deferred Outflows/Inflows of Resources In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. The District had no deferred outflows of resources for 2017.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the District, deferred inflows of resources include unavailable revenue. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the District, unavailable revenue includes long-term contracts receivable. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable.

Cash and Cash Equivalents

To improve cash management, cash received by the District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the District's records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Capital Assets

The District reports no capital assets. A road constructed by the District has been completed, but through contractual agreements, Muskingum County uses and maintains the road. The County reports this road as a capital asset on its financial statements. Title to the asset will transfer to the County upon full payment of the related debt.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. Long-term loans are recognized as a liability on the government fund financial statements when due.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in governmental funds. The classifications are as follows:

Nonspendable The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The “not in spendable form” includes items that are not expected to be converted to cash.

Restricted The restricted fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation. Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Committed The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Directors. Those committed amounts cannot be used for any other purpose unless the Board of Directors removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for the use in satisfying those contractual requirements.

Assigned Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds, other than the General Fund, assigned fund balances represent the remaining amount that is not restricted or committed.

Unassigned The unassigned fund balance is the residual classification for the General Fund and includes amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, or unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which the amounts in any of the unrestricted fund balance classifications could be used.

Net Position

Net position represents the difference between all other elements in a statement of financial position. Net position is reported as restricted when there are limitations imposed on its use either through constitutional provision, enabling legislation, or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

The District applies restricted resources first when an expense is incurred for which both restricted and unrestricted net positions are available.

C. Change in Accounting Principles

For 2017, the District implemented the Governmental Accounting Standards Board's (GASB) *Implementation Guide No. 2016-1*. These changes were incorporated in the District's 2017 financial statements; however, there was no effect on beginning net position/fund balance.

D. Equity in Pooled Cash and Investments

The County Auditor serves as fiscal officer of the District. The Ohio Revised Code prescribes allowable deposits and investments for both the District and the County. At December 31, 2017, the District had cash and investments with a carrying amount of \$257,164. Throughout the year the District's cash and investment balances were included in, and collateralized with, Muskingum County's cash management pool.

E. Receivables

Receivables at December 31, 2017, consisted of contracts and interest. All receivables are considered collectible in full.

Muskingum County, Ohio

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

F. Long-Term Obligations

Changes in the long-term obligation of the District during 2017 were as follows:

	Outstanding 1/1/2017	Additions	(Reductions)	Outstanding 12/31/2017	Amounts Due Within One Year
Governmental Activities:					
General Long-Term Obligation:					
State Infrastructure Bank - 3%	\$2,776,037	\$0	(\$761,455)	\$2,014,582	\$786,403

The annual requirements to retire governmental activities debt are as follows:

	Loan	
	State Infrastructure Bank - 3%	
	Principal	Interest
2018	\$786,403	\$59,136
2019	812,169	33,370
2020	416,010	6,760
	\$2,014,582	\$99,266

The District entered into a loan agreement on June 15, 1999, with the Ohio Department of Transportation to finance the Northpointe Drive Project over a period of 20 years. As collateral for the loan, the State Infrastructure Bank has received an assignment of all use payments from Muskingum County and an assignment of tax increment financing from the Longaberger Company. The District received the total authorized amount of \$11,464,129, which included the refinancing of accumulated interest of \$404,129. During 2009, the State Infrastructure Bank amended the loan agreement to reflect an interest rate of 3 percent plus an administrative fee of .25 percent per annum.

G. Risk Management

The District has obtained commercial insurance for the following risks:

- General liability
- Vehicles

H. Related Party Transaction

The District currently shares office space with Zanesville-Muskingum County Port Authority in the Welcome Center, located at 205 North Fifth Street, Zanesville, Ohio 43701.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

NOTE 28 - MUSKINGUM COUNTY LAND REUTILIZATION CORPORATION

A. Reporting Entity

The Muskingum County Land Reutilization Corporation (Land Bank) is a county land reutilization corporation that was formed on June 27, 2012 when the Muskingum County Board of Commissioners authorized the incorporation of the Land Bank under Chapter 1724 of the Ohio Revised Code through resolution number 10-713 as a not-for-profit corporation under the laws of the State of Ohio. The purpose of the Land Bank is to strengthen neighborhoods in Muskingum County (the County) by returning vacant and abandoned properties to productive use. The Land Bank has been designated as the County's agent to further its mission to reclaim, rehabilitate, and reutilize vacant, abandoned, tax foreclosed and other real property in the County by exercising the powers of the County under Chapter 5722 of the Ohio Revised Code.

Pursuant to Section 1724.03(B) of the Ohio Revised Code, the Board of Directors of the Land Bank shall be composed of no less than five and no more than nine members, including, (1) the County Treasurer, (2) at least two members of the County Board of Commissioners, (3) one member who is a representative of the largest municipal corporation, based on the population according to the most recent federal decennial census, that is located in the County, (4) one member who is a representative of a township with a population of at least ten thousand in the unincorporated area of the township according to the most recent federal decennial census, and (5) any remaining members selected by the County Treasurer and the County Commissioners who are members of the Land Bank board. The term of office of each ex officio director runs concurrently with the term of office of that elected official. The term of office of each appointed director is two years.

The Land Bank is a legally separate entity and is reported by the County as a discretely presented component unit in the County's basic financial statements. The Land Bank does not have any component units and does not include any organizations in its presentation. The Land Bank's management believes these basic financial statements present all activities for which the Land Bank is financially accountable.

B. Summary of Significant Accounting Policies

The basic financial statements of the Land Bank have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Land Bank's significant accounting policies are described below.

Basis of Presentation

The Land Bank's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements The Statement of Net Position and the Statement of Activities display information about the Land Bank as a whole. These statements usually distinguish between those activities of the Land Bank that are governmental and those that are business-type. The Land Bank, however, does not have any business-type activities.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

The Statement of Net Position presents the financial condition of the governmental activities of the Land Bank at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the Land Bank's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and therefore, clearly identifiable to a particular function.

Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Land Bank, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program is self-financing or draws from the general revenues of the Land Bank.

Fund Financial Statements Fund financial statements are designed to present financial information of the Land Bank at this more detailed level. The Land Bank's General and Grant Funds are its only governmental funds.

Fund Accounting

The Land Bank uses fund accounting to segregate cash and investments that are restricted as to use. A fund is a separate accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and attaining certain objectives in accordance with special regulations, restrictions or limitations.

For financial statement presentation purposes, the Land Bank's funds are classified as governmental.

Governmental Funds Governmental funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be repaid. The difference between governmental fund assets and deferred outflows of resources and liabilities and deferred inflows of resources is reported as fund balance.

The following is the Land Bank's governmental funds:

General Fund The General Fund accounts for all financial resources that are not required to be separately accounted for. The General Fund balance is available to the Land Bank for any purpose provided it is expended or transferred according to the general laws of Ohio.

Grant Fund The Grant Fund accounts for grant activity for the demolition and improvements to distressed properties. No grant funding was received in 2017.

Measurement Focus

Government-Wide Financial Statements The government-wide financial statements are prepared using a *flow of economic resources* measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the Land Bank are included on the Statement of Net Position. The Statement of Activities presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Fund Financial Statements The General Fund is accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of Revenues, Expenditures, and Changes in Fund Balance reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared.

Basis of Accounting

Basis of accounting determines when transactions are recorded on the financial records and reported on the financial statements. Government-wide statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred outflows/inflows of resources, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the Land Bank, available means expected to be received within sixty days of year-end.

Nonexchange transactions, in which the Land Bank receives value without directly giving equal value in return, include grants, entitlements, and donations. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Land Bank must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Land Bank on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, contributions and donations and grants revenue sources are considered to be both measurable and available at year-end.

Deferred Outflows/Inflows of Resources In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Federal Income Tax

The Land Bank is exempt from federal income tax under Section 115(1) of the Internal Revenue Code.

Cash and Cash Equivalents

All monies received by the Land Bank are deposited in a demand deposit account. The Land Bank had no investments during the year or at the end of the year.

Net Position

Net position represents the difference between assets/deferred outflows of resources and liabilities/deferred inflows of resources. The Land Bank did not have any deferred outflow of resources and deferred inflow of resources as of December 31, 2017. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Board of Directors or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Land Bank applies restricted resources first when an expense is incurred for which both restricted and unrestricted net positions are available. The Land Bank had no restricted net positions at December 31, 2017.

Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Land Bank and that are either unusual in nature or infrequent in occurrence. The Land Bank had no extraordinary or special items during 2017.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Land Bank is bound to observe constraints imposed upon the use of the resources in the governmental funds.

Muskingum County, Ohio

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

The classifications are as follows:

Nonspendable The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts.

Restricted The restricted classification is used when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Committed The committed fund balance classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Land Bank’s Board of Directors.

Assigned Assigned fund balance includes amounts that are constrained by the Land Bank’s intent to be used for specific purposes, but are neither restricted nor committed.

Unassigned Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

The Land Bank applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Property Held for Reutilization

Property held for reutilization represents properties held by the Land Bank that the Land Bank intends to sell to a third party. These assets are valued at cost, or in the case of donated or forfeited properties, the estimated fair market value of the property.

C. Deposits

At December 31, 2017, the carrying amount of the Land Bank’s deposits was \$128,664. Based on the criteria described in GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, as of December 31, 2017, the Land Bank’s bank balance of \$128,664 was covered by Federal Deposit Insurance Corporation (FDIC). Custodial credit risk is the risk that in the event of bank failure that the Land Bank’s deposits may not be returned to it. Protection of the Land Bank’s cash and deposits is provided by the FDIC or collateralized by the financial institution.

Muskingum County, Ohio

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2017**

D. Risk Management

The Land Bank is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Land Bank has obtained commercial insurance from private carriers for the following risks:

- Commercial General Liability
- Directors/Officers Liability

Changes in Assumptions - OPERS

Amounts reported for 2017 incorporate changes in assumptions used by OPERS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in 2016 and prior are presented below:

	December 31, 2017	December 31, 2016 and Prior
Wage Inflation	3.25 percent	3.75 percent
Future Salary Increases, including inflation	3.25 to 10.75 percent including wage inflation	4.25 to 10.05 percent including wage inflation
COLA or Ad Hoc COLA:		
Pre-January 7, 2013 Retirees	3 percent, simple	3 percent, simple
Post-January 7, 2013 Retirees	3 percent, simple through 2018, then 2.15 percent, simple	3 percent, simple through 2018, then 2.8 percent, simple
Investment Rate of Return	7.5 percent	8 percent
Actuarial Cost Method	Individual Entry Age	Individual Entry Age

Amounts reported for 2017 use mortality rates based on the RP-2014 Healthy Annuitant mortality table. For males, Healthy Annuitant Mortality tables were used, adjusted for mortality improvement back to the observation period base of 2006 and then established the base year as 2015. For females, Healthy Annuitant Mortality tables were used, adjusted for mortality improvements back to the observation period base year of 2006 and then established the base year as 2010. The mortality rates used in evaluating disability allowances were based on the RP-2014 Disabled mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and then established the base year as 2015 for males and 2010 for females. Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables.

Amounts reported for 2016 and prior use mortality rates based on the RP-2000 Mortality Table projected 20 years using Projection Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality table with no projections. For males 120 percent of the disabled female mortality rates were used set forward two years. For females, 100 percent of the disabled female mortality rates were used.

Muskingum County, Ohio
Notes to the Required Supplementary Information
For the Year Ended December 31, 2017

Changes in Assumptions - STRS

Amounts reported for 2017 incorporate changes in assumptions and changes in benefit terms used by STRS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in 2016 and prior are presented below:

	2017	2016 and Prior
Inflation	2.50 percent	2.75 percent
Projected salary increases	12.50 percent at age 20 to 2.50 percent at age 65	12.25 percent at age 20 to 2.75 percent at age 70
Investment Rate of Return	7.45 percent, net of investment expenses, including inflation	7.75 percent, net of investment expenses, including inflation
Payroll Increases	3 percent	3.5 percent
Cost-of-Living Adjustments (COLA)	0.0 percent, effective July 1, 2017	2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, 2013, or later, 2 percent COLA commences on fifth anniversary of retirement date.

For 2017 post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70% of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

For 2016 and prior actuarial valuation, mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89, and no set back from age 90 and above.

**Combining Statements
and
Individual Fund Schedules**

GENERAL FUND

The General Fund accounts for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

The special revenue funds are used to account for those financial resources that are restricted or committed by legal, regulatory, or administrative action to finance particular functions or activities of the County.

Debt Service Funds

The debt service funds are used to account for the accumulation of financial resources that are restricted, committed or assigned for the payment of general long-term debt principal, interest, and related costs.

Capital Projects Funds

The capital projects funds are used to account for financial resources that are restricted, committed, or assigned to expenditures for capital outlay, including the acquisition or construction of major capital facilities and other capital assets (other than those financed by proprietary funds).

SPECIAL REVENUE FUNDS

The special revenue funds account for those financial resources that are restricted by legal, regulatory, or administrative action to finance particular functions or activities of the County. The following are reported as special revenue funds:

Major Special Revenue Funds

Public Assistance Fund - To account for various federal and state grants restricted to provide public assistance to general relief recipients and to pay their providers of medical assistance, and for certain public social services.

Starlight School Levy Fund - To account for property tax revenues and federal and state grants. Expenditures are restricted by state law to those that benefit the developmentally disabled. County expenditures have been for social service contracts, medical providers, and costs to maintain and operate buildings and buses provided for the developmentally disabled.

Children Services Levy Fund - To account for revenues derived from property taxes and state and federal funds. State law restricts the expenditures of these revenues to programs designed to aid homeless children or children from troubled families.

Nonmajor Special Revenue Funds

Dog and Kennel Fund - To account for and report the sale of dog tags, kennel permits, and fine collections restricted for the dog warden's operations.

Child Support Enforcement Agency Fund - To account for restricted state, federal, and local revenue used to administer the County Child Support program.

Childrens' Services Trust Fund - To account for restricted bequests left for the purpose of maintaining the County Children's Home.

Real Estate Assessment Fund - To account for restricted, state mandated, county-wide real estate reappraisals that are funded by charges to the political subdivisions located within the County.

Redevelopment Tax Equivalent Fund - To account for restricted money received pursuant to a tax increment financing agreement between the County and a local vendor to be used for expenses incurred during the construction of an adjoining road.

Miscellaneous Federal Grants Fund - To account for various restricted monies received through state agencies from the federal government or directly from the federal government which are not classified elsewhere. The individual funds are maintained separately on the County's books.

Access Visitation Grant Fund - To account for restricted revenues derived from a contract between the Job and Family Services Department and the Muskingum County Domestic Court. Expenditures are for contractual services in which a person has to supervise parent visitations with their children.

(continued)

SPECIAL REVENUE FUNDS (Continued)

Delinquent Real Estate Tax and Assessment Collection Fund - To account for the restricted monies received from delinquent real estate tax and assessment collections. Half of the money is to be allocated to the Prosecutor and the other half to the Treasurer for use in the collection of delinquent property taxes and assessments.

Homeland Security Fund - To account for restricted federal grants used to strengthen county-level capability to respond effectively to weapons of mass destruction and all hazard incidences in Muskingum County.

Juvenile IV-E Reimbursement Fund - To account for a restricted federal grant, sub-granted by the Ohio Department of Job and Family Services, to reimburse the costs of foster care maintenance for eligible youth, administrative costs to administer the program, and eligible training.

Tuberculosis Clinic Fund - To account for a restricted County-wide property tax levy used to diagnose and treat people with tuberculosis and respiratory diseases in the County.

Block Grants Fund - To account for restricted revenue from the federal government used for a revolving loan program and for improvements to targeted areas within the County.

County Courts Fund - To account for restricted money received through court fees and grants which are used for court expenses and other judicial programs and issues.

Community Correction Fund - To account for restricted grant monies from the State of Ohio used to assist the County in correctional rehabilitation of persons on probation.

Home Detention (Electronic Monitor) Fund - To account for fees from the County Courts restricted for in-home housing of prisoners.

Marriage License Fund - To account for restricted marriage license fees. Fees are paid to Transitions Inc. and used for the treatment of battered women.

Political Subdivision Housing Fund - To account for fines and forfeitures restricted for the Adult Probation Program as specified by entry from the Courts. Created pursuant to Ohio Revised Code Section 4511.99.

Indigent Drivers Alcohol Treatment Fund - To account for restricted fines from the State and County Court. Created pursuant to Ohio Revised Code Section 4511.191.

Enforcement and Education Fund - To account for monies received from convictions on alcohol related cases restricted for education of the community at large and for the purchase of law enforcement equipment.

Law Enforcement Fund - To account for restricted fines from the County courts and restricted donations used by the Sheriff and Prosecuting Attorney for investigations, prosecutions, and training for law enforcement personnel.

Legal Aid Society Fund - To account for a 1% administrative fee from probate court to be used as restricted by law for salaries and fringe benefits.

(continued)

SPECIAL REVENUE FUNDS (Continued)

Senior Citizens Levy Fund - To account for revenue derived from property taxes restricted to assist in the providing of programs and services to the senior citizens of the County.

Felony Delinquent Care and Custody Fund - To account for restricted grant monies which are used for the Intensive Probation Program.

Drug Law Enforcement Fund - To account for income from fines on drug-related cases restricted for drug-related investigations.

Indigent Guardianship Fund - To account for restricted probate court fees used for court appointed guardians for indigents.

Victim of Criminals Fund - To account for restricted donations and state grant monies to be used to assist the victims of crime.

Sheriff Commissary Fund - To account for restricted sales within the commissary to County jail inmates.

Children Services Christmas Fund - To account for restricted donations from citizens used to purchase gifts for children under care.

Mental Health Levy Fund - To account for a County-wide property tax levy restricted for the County's share in the Muskingum Area Alcohol, Drug Addiction and Mental Health Board.

Sheriff Levy Fund - To account for a County-wide property tax levy restricted to provide additional law enforcement in the County.

Motor Vehicle and Gasoline Tax Fund - To account for revenues derived from the motor vehicle licenses, gasoline taxes, and grants. Ohio state law restricts expenditures in this fund to county road and bridge repair and improvement programs.

Law Library Resources Fund - To account for restricted fines and penalties collected by the various courts of the County and to account for restricted fees charged for law library services.

Juvenile Detention Fund - To account for restricted state and federal grants used in the operation and maintenance of the Detention Facility.

Concealed Weapon Fund - To account for fees collected from the issuance or renewal of license to carry a concealed handgun. These monies are restricted for costs incurred by the sheriff in connection with issuing these licenses or costs associated with handgun safety education programs.

Wireless 911 Fund - To account for a government-imposed surcharge on cell phones restricted for the implementation and operation of a wireless 911 system.

Ohio Peace Officer Training Academy (OPOTA-CPT) Fund - To account for reimbursements from the State of Ohio restricted for mandatory continuing professional training of the sheriff's office.

Brandywine Loop Extension Fund - To account tax increment financing restricted as a grant given to the City of Zanesville for an extension of a bypass route.

NONMAJOR CAPITAL PROJECTS FUNDS

The capital projects funds are used to account for financial resources to be used for the acquisition of major capital facilities (other than those financed by proprietary funds). The following are reported as nonmajor capital projects funds:

Issue II Fund - To account for restricted capital grants received from the Ohio Public Works Commission for bridge and road improvement projects.

Highway Fund - To account for restricted federal money received for the repair and construction of roads and bridges within the County.

Senior Building Renovations Fund - To account for transfers from the General Fund committed to capital expenditures related to the purchase and renovating of the Senior Citizen Building.

Kennel Building Fund - To account for contributions and donations restricted for improvements and additional construction costs of a kennel building.

Starlight Permanent Improvements Fund - To account for revenues received from an operating levy restricted for permanent improvements at the Starlight School.

ENTERPRISE FUNDS

The enterprise funds are maintained to account for the operations of county government that provide goods or services to the general public in a manner similar to private business enterprises.

The following are included in enterprise funds:

Sewer Fund - To account for sanitary sewer services provided to individuals and commercial users. The costs of providing these services are financed primarily through user charges.

Water Fund - To account for water services provided to individuals and commercial users. The costs of providing these services are financed primarily through user charges.

INTERNAL SERVICE FUNDS

The Internal Service Funds are used to account for the financing on a cost-reimbursement basis of services provided by the self-insurance funds to other County departments and agencies. Charges to the user departments and agencies are intended to recover total costs.

Self-Insurance Health Fund - To account for employee health care benefits and claims related to this self-insurance program.

Self-Insurance Workers' Compensation Fund - To account for claims and administrative expenses of the County's workers' compensation retrospective-rating program.

AGENCY FUNDS

Agency funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results of operations. The following is a description of the County's agency funds:

Taxes Agency Fund - To account for the collection and distribution of various taxes.

Undivided State Monies Fund - To account for the collection and distribution of local government, local government revenue assistance, gasoline tax, and motor vehicle license monies.

Payroll Fund - To account for payroll, payroll taxes, and other related payroll deductions accumulated for payment to other governmental units and private organizations.

Health Fund - To account for the funds and subfunds of the Board of Health for which the County Auditor is ex-officio fiscal agent.

ADAMH Board (Muskingum Area Board of Alcohol, Drug Addiction, and Mental Health Services) Fund - To account for all revenues and related expenditures for the Six County Alcohol, Drug Addiction, and Mental Health Board for which Muskingum County is the fiscal agent.

Child Support Enforcement Fund - To account for the collection of alimony and child support payments and the distribution of such monies to the court-designated recipients.

Court Fund - To account for Clerk of Courts, Probate, Juvenile, and County Court receipts.

STATISTICAL SECTION

Statistical Section

This part of Muskingum County, Ohio's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

<u>Contents</u>	<u>Page(s)</u>
Financial Trends These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.	S-2 - S-15
Revenue Capacity These schedules contain information to help the reader assess the County's most significant local revenue sources, sales taxes and property taxes.	S-16 - S-37
Debt Capacity These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	S-38 - S-47
Economic and Demographic Information These schedules offer economic and demographic indicators to help the reader understand the environment within which the County's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.	S-48 - S-49
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.	S-51 - S-65

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

- (1) Sales tax on sales of motor vehicle and watercraft, which is paid via the county clerk of courts, is included in this figure. Thus, tax collected from dealer sales as well as "casual" (consumer-to-consumer) sales are included.
- (2) Industry data is not provided when there are either no businesses within the particular industry or the number of businesses within the industry fall below the reporting threshold. The collections are instead folded into the "Unclassified" category.
- (3) Collections are on a cash basis.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property tax has been phased out, and during the phase-out period, all general business tangible personal property was assessed at 12.5 percent for 2007, 6.25 percent for 2008, and zero for 2009. Beginning in 2007, House Bill 66 switched telephone companies from being public utilities to general business taxpayers and began a four year phase out of the tangible personal property tax on local and inter-exchange telephone companies, at 5 percent for 2010. No tangible personal property taxes were levied or collected in 2009 from general business taxpayers, (except telephone companies whose last year to pay tangible personal property tax was 2010).

The tangible personal property values associated with each year were the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by a 10 percent and a 2 1/2 percent rollback, and homestead exemptions before being billed.

Values are shown net of exempt property.

(1) Property tax rates shown are based on the year of collection.

Real property tax rates are reduced so that inflationary increases in value do not generate additional taxes. Real property is reappraised every six years and property values are updated in the third year following each reappraisal.

- (1) Figures for Tax Levy and Total Tax Collections include state reimbursement amounts reported as Intergovernmental revenue.
- (2) The amounts include all prior year delinquencies and the current year delinquencies.
- (3) The County's current reporting system does not track delinquent tax collections by tax year. Outstanding delinquencies are tracked in total by the date the parcel is first certified delinquent. Penalties and interest are applied to the total outstanding delinquent balance. The presentation will be updated as new information becomes available.
- (4) Increase in delinquency percentage is due to the phase out of personal property.

Note: The general business tangible personal property tax including inventory was phased out beginning in 2006. The assessment percentage is 18.75 percent for 2006, 12.5 percent for 2007, 6.25 percent for 2008 and zero for 2009. Beginning in 2007, House Bill 66 switched telephone companies from being public utilities to general business taxpayers and began a four year phase out of the tangible personal property tax on local and interexchange telephone companies. No tangible personal property taxes were levied or collected in 2009 from general business taxpayers (except telephone companies whose last year to pay tangible personal property tax was 2010).
